[Firearms](#) > [Rifles](#) > [Single Shot](#)

**SINGLE SHOT BRASS 44 MAGNUM/44 SPECIAL SINGLE SHOT RIFLE** The centerfire single-shot rifle has an extensive history among hunters looking for a dependable and accurate game-getter without spending more than necessary for good quality and basic functionality. Henry Repeating Arms is proud to offer this premium line of break-action one-shooters. Available with a highly polished finish on hardened brass frames, these elegantly simple rifles feature 22" round barrels and a fully adjustable folding leaf rear sight paired with a brass bead front sight. For those who prefer magnified optics, the rifles are drilled and tapped to mount a base. Despite its simplicity, the Henry Single Shot Rifle does not cut corners with the quality of the materials, so the furniture is genuine American walnut. This brass version has a straight English wrist and brass buttplate. Instead of flinging spent brass all over the place, these rifles feature a non-ejecting extractor, making it easier to get in and out of the field without leaving a trace. These rifles use a familiar locking lever on top of the frame, behind the external hammer spur, to break the barrel open. Henry added their touch here, though- the lever can be pivoted either left or right from its center position to unlock, which works well for both left and righties. The action has no external manual safety; it uses a rebounding hammer that can't touch the firing pin unless the trigger is deliberately pulled and an interlock system that doesn't allow the barrel to open if the hammer's cocked or the barrel to close if the hammer's cocked while it's open. Quick to load or unload, safe to carry, and simple to operate. That's what it's all about. For those who prefer the sport and challenge of hunting with only one round on board, this no-frills approach to a premium single-shot rifle is the perfect choice. While some might consider something with a 1-round capacity an entry-level proposition, these rifles are built to the same high standards as all of our fine centerfire repeating rifles.

**SPECIFICATIONS:**

- Barrel Length: 22"
- Barrel Type: Round Blued Steel
- Rate of Twist: 1:20
- Overall Length: 37.5"
- Weight: 7.14 lbs.

# **Safety Instruction Guide for SINGLE SHOT BRASS 44 MAGNUM/44 SPECIAL SINGLE SHOT RIFLE**

## **Introduction**

Thank you for choosing the SINGLE SHOT BRASS 44 MAGNUM/44 SPECIAL SINGLE SHOT RIFLE. This guide provides essential safety instructions to ensure safe handling, usage, and maintenance of your firearm. It is important to read and understand these instructions to minimize risks and ensure compliance with safety regulations.

## **General Safety Guidelines**

- Always treat every firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Do not rely solely on the safety mechanism; always handle the firearm with caution.
- Store the firearm unloaded and securely when not in use.
- Keep ammunition stored separately from the firearm.
- Ensure that children and unauthorized persons do not have access to firearms or ammunition.
- Regularly inspect the firearm for any signs of damage or wear.
- Use only the recommended ammunition type for your firearm.
- Be aware of your surroundings and ensure a safe shooting environment.

## **Specific Safety Precautions for Use**

- Before loading the rifle, ensure the barrel is clear of obstructions.
- Always use ear and eye protection when shooting.
- Do not shoot at hard surfaces or water to prevent ricochets.
- Only load one round at a time in the chamber.
- Do not place your finger on the trigger until you are ready to shoot.
- If a misfire occurs, wait at least 30 seconds before attempting to unload the firearm.
- Ensure that the area behind your target is safe and clear of people and property.
- Be mindful of the recoil and stance when firing.

## **Instructions for Installation and Usage**

### **1. Loading the Rifle:**

- Open the action using the locking lever located on top of the frame.
- Insert one round of .44 Magnum or .44 Special into the chamber.
- Close the action securely by pushing the barrel back into place until it locks.

### **2. Aiming and Firing:**

- Use the fully adjustable folding leaf rear sight and brass bead front sight to aim.
- Ensure a firm grip on the rifle and maintain a stable shooting stance.
- To fire, gently squeeze the trigger while maintaining focus on the target.

### **3. Unloading the Rifle:**

- Open the action using the locking lever.
- Remove the spent casing manually using the nonejecting extractor.

### **4. Maintenance:**

- Clean the rifle regularly to maintain optimal performance.
- Use appropriate cleaning tools and solvents recommended for firearms.
- Inspect the firearm for any signs of wear or damage after each use.

## Disposal Instructions

- Dispose of any spent casings and ammunition in accordance with local regulations.
- Do not dispose of firearms in general waste. Contact local authorities for guidance on proper disposal methods.
- Ensure that the firearm is rendered inoperable before disposal.

## Contact Information for Further Support

For any inquiries or further assistance regarding the SINGLE SHOT BRASS 44 MAGNUM/44 SPECIAL SINGLE SHOT RIFLE, please refer to the manufacturer's contact details provided in the product documentation.

## Conclusion

By following these safety guidelines, you can enjoy the use of your SINGLE SHOT BRASS 44 MAGNUM/44 SPECIAL SINGLE SHOT RIFLE while ensuring the safety of yourself and those around you. Always prioritize safety and responsibility when handling firearms.
