GOLDEN BOY SILVER FATHER'S DAY EDITION 22 S/L/LR LEVER ACTION RIFLE A Remarkable Rifle for a Remarkable Man There is nothing that says "Thanks Dad" for a lifetime of love, support, and lessons learned like the gift of a Henry rifle. So, for the man that deserves nothing but the best, consider this special Golden Boy Silver Father's Day Edition. Over 150 years ago, firearms were finished with metal plating due to their ability to prevent corrosion caused by dirty black powder ammunition. Nickel was the first metal used for electroplating and remains the most popular today due to its tarnish-resistant properties. Engraved and plated firearms have been given as gifts to some of the country's most impactful and influential figureheads throughout history, and this Father's Day Edition continues the tradition. The rest of the rifle follows suit with the award-winning Golden Boy series featuring a 20" blued steel octagon barrel, a fully adjustable semi-buckhorn rear sight, brass bead front sight, genuine American walnut furniture, a nickeled buttplate and barrel band, and the slickest action on the market. Take the guesswork out of Father's Day shopping with a gift that Dad will cherish forever and instantly solidify your status as the favorite child.
