

ZERO M-SERIES SLEEVE & MANDREL KIT - ZERO M-SERIES 6.5MM CREEDMOOR SLEEVE & MANDREL KIT

ZERO M-SERIES SLEEVE & MANDREL KIT When Area 419 released the ZERO M-Series Die it changed the way the serious reloader thought about dies and how headspace should work. Along with Area 419's reamer cut sizing chambers, that fully size the case body, the integration of a full-length ground mandrel, and spring loaded decapping, the micrometer adjustability for headspace was unlike ANYTHING on the market. What Area 419 also knew would be a huge deal for reloaders though is the modularity of the dies. Available now are modular sizing sleeves for these dies. NOTE - THESE ARE REPLACEMENT SIZING INSERTS FOR M-SERIES DIES. DO NOT BUY THIS IF YOU DO NOT ALREADY OWN AN M-SERIES DIE, YOU WILL NOT BE ABLE TO USE THE ITEM. INCLUDED One Sizing Sleeve in the chosen caliber. These are exactly like the internal sleeves that come in the complete dies One mandrel, delivering approx .002" of neck tension in use, just like comes in the dies standard. One extra decapping pin It's a simple package that allows you to get the most of your M-Series dies.

ZERO MSERIES SLEEVE & MANDREL KIT

Safety Instructions

Introduction

Thank you for choosing the ZERO MSERIES SLEEVE & MANDREL KIT. This product is designed to enhance your reloading experience with safety and precision. Please read this safety instruction guide carefully to ensure the safe use of this product.

General Safety Guidelines

- Always handle reloading components with care to prevent accidents.
- Ensure you are familiar with the operation of your reloading equipment before use.
- Store all reloading components in a safe, dry place away from children and pets.
- Regularly inspect your equipment for wear or damage. Do not use damaged components.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Only use the ZERO MSERIES SLEEVE & MANDREL KIT with compatible MSERIES dies.
- Ensure that you have read and understood the instructions that come with your MSERIES die before using the sleeve and mandrel kit.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Keep your work area clean and free of obstructions to avoid accidents.
- Avoid distractions while reloading to maintain focus and precision.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the necessary tools and equipment ready for installation.
- Verify that you have the correct caliber sleeve and mandrel for your reloading needs.

2. Installation:

- Remove the existing sleeve from your MSERIES die by following the manufacturer's instructions.
- Carefully insert the new sizing sleeve into the die, ensuring it is seated properly.
- Insert the mandrel into the sleeve, making sure it is securely in place.
- Adjust the micrometer settings according to your desired headspace specifications.

3. Usage:

- Begin the reloading process by following the standard procedures for your MSERIES die.
- Monitor the neck tension provided by the mandrel during use. Adjust as necessary for optimal performance.
- After reloading, inspect your completed cartridges for any irregularities.

Disposal Instructions

- Dispose of any packaging materials responsibly, following local recycling guidelines.
- If you have any defective or unused components, contact your local waste management facility for safe disposal options.
