ZERO M-SERIES SLEEVE & MANDREL KIT When Area 419 released the ZERO M-Series Die it changed the way the serious reloader thought about dies and how headspace should work. Along with Area 419's reamer cut sizing chambers, that fully size the case body, the integration of a full-length ground mandrel, and spring loaded decapping, the micrometer adjustability for headspace was unlike ANYTHING on the market. What Area 419 also knew would be a huge deal for reloaders though is the modularity of the dies. Available now are modular sizing sleeves for these dies. NOTE - THESE ARE REPLACEMENT SIZING INSERTS FOR M-SERIES DIES. DO NOT BUY THIS IF YOU DO NOT ALREADY OWN AN M-SERIES DIE, YOU WILL NOT BE ABLE TO USE THE ITEM. INCLUDED One Sizing Sleeve in the chosen caliber. These are exactly like the internal sleeves that come in the complete dies One mandrel, delivering approx .002" of neck tension in use, just like comes in the dies standard. One extra decapping pin It's a simple package that allows you to get the most of your M-Series dies.

ZERO MSERIES SLEEVE & MANDREL KIT

Safety Instructions

Introduction

Thank you for purchasing the ZERO MSERIES SLEEVE & MANDREL KIT from Area 419. This product is designed to enhance your reloading experience. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure you are familiar with the operation and safety features of reloading equipment before use.
- Always use the product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Modularity Warning:** This kit includes modular sizing sleeves that are replacements for MSeries dies. Do not attempt to use this product unless you already own an MSeries die.
- **Neck Tension:** The mandrel included in the kit delivers approximately .002" of neck tension. Ensure that this tension is appropriate for your specific reloading needs.
- **Decapping Pin:** Handle the extra decapping pin with care to avoid injury.
- **Sizing Sleeve:** Ensure the sizing sleeve is securely fitted to avoid any accidents during operation.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have a compatible MSeries die before proceeding.
- Gather all necessary tools and equipment for reloading.

2. Installation of Sizing Sleeve:

- Remove the existing sizing sleeve from your MSeries die by unscrewing it.
- Carefully insert the new sizing sleeve from the kit into the die.
- Ensure it is securely fastened and properly aligned.

3. Installing the Mandrel:

- Insert the mandrel into the sizing sleeve. Ensure it is seated correctly.
- Adjust the mandrel as needed to achieve the desired neck tension.

4. Using the Kit:

- Follow the standard reloading procedures as outlined in your MSeries die manual.
- Monitor the operation closely for any irregularities or issues.

5. PostUse Inspection:

- After use, inspect the sizing sleeve and mandrel for any signs of wear or damage.
- Store the kit in a safe and dry location, away from children and pets.

Disposal Instructions

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.
