

ZERO M-SERIES SLEEVE & MANDREL KIT - ZERO M-SERIES 308 WINCHESTER SLEEVE & MANDREL KIT

ZERO M-SERIES SLEEVE & MANDREL KIT When Area 419 released the ZERO M-Series Die it changed the way the serious reloader thought about dies and how headspace should work. Along with Area 419's reamer cut sizing chambers, that fully size the case body, the integration of a full-length ground mandrel, and spring loaded decapping, the micrometer adjustability for headspace was unlike ANYTHING on the market. What Area 419 also knew would be a huge deal for reloaders though is the modularity of the dies. Available now are modular sizing sleeves for these dies. NOTE - THESE ARE REPLACEMENT SIZING INSERTS FOR M-SERIES DIES. DO NOT BUY THIS IF YOU DO NOT ALREADY OWN AN M-SERIES DIE, YOU WILL NOT BE ABLE TO USE THE ITEM. INCLUDED One Sizing Sleeve in the chosen caliber. These are exactly like the internal sleeves that come in the complete dies One mandrel, delivering approx .002" of neck tension in use, just like comes in the dies standard. One extra decapping pin It's a simple package that allows you to get the most of your M-Series dies.

ZERO MSERIES SLEEVE & MANDREL KIT

Safety Instructions

Introduction

Thank you for choosing the ZERO MSeries Sleeve & Mandrel Kit. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure a safe and effective experience with your product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose as outlined in this manual.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The product involves sharp components that can cause injury.
 - Improper use may lead to malfunctions or accidents.
- **Avoiding Hazards:**
 - Do not attempt to modify or alter the product in any way.
 - Always follow the manufacturer's specifications for reloading procedures.
 - Ensure that all parts are securely attached before use.
 - Use only the recommended caliber sleeves and mandrels with the MSeries dies.
- **Age Specific Warnings:**
 - This product is not intended for use by individuals under the age of 18 without supervision.

Instructions for Installation and Usage

1. Installation:

- Select the appropriate sizing sleeve for your caliber.
- Insert the sizing sleeve into the MSeries die until it is securely in place.
- Attach the mandrel to the sleeve, ensuring it is properly aligned.
- Tighten all components to prevent movement during operation.

2. Usage:

- Follow standard reloading procedures as outlined in the MSeries die manual.
- Ensure the reloading press is stable and secure before beginning.
- Use the micrometer adjustability feature to set the desired headspace.
- Monitor the neck tension provided by the mandrel during use.
- After reloading, inspect the cases for any defects or irregularities.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in general waste if it contains hazardous materials.
- Contact local waste management authorities for specific disposal guidelines.

Contact Information for Further Support

For any questions regarding the product or safety concerns, please contact the manufacturer or your local dealer for assistance.

By following these guidelines, you can ensure a safe and effective experience with your ZERO MSeries Sleeve & Mandrel Kit. Thank you for your attention to safety.
