

ZERO M-SERIES SLEEVE & MANDREL KIT - ZERO M-SERIES 6.5X47MM SLEEVE & MANDREL KIT

ZERO M-SERIES SLEEVE & MANDREL KIT When Area 419 released the ZERO M-Series Die it changed the way the serious reloader thought about dies and how headspace should work. Along with Area 419's reamer cut sizing chambers, that fully size the case body, the integration of a full-length ground mandrel, and spring loaded decapping, the micrometer adjustability for headspace was unlike ANYTHING on the market. What Area 419 also knew would be a huge deal for reloaders though is the modularity of the dies. Available now are modular sizing sleeves for these dies. NOTE - THESE ARE REPLACEMENT SIZING INSERTS FOR M-SERIES DIES. DO NOT BUY THIS IF YOU DO NOT ALREADY OWN AN M-SERIES DIE, YOU WILL NOT BE ABLE TO USE THE ITEM. INCLUDED One Sizing Sleeve in the chosen caliber. These are exactly like the internal sleeves that come in the complete dies One mandrel, delivering approx .002" of neck tension in use, just like comes in the dies standard. One extra decapping pin It's a simple package that allows you to get the most of your M-Series dies.

ZERO MSERIES SLEEVE & MANDREL KIT

Safety Instructions

Introduction

Thank you for purchasing the ZERO MSERIES SLEEVE & MANDREL KIT. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this document carefully before using the kit.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always follow the manufacturer's instructions when using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear. If damage is found, discontinue use immediately.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the ZERO MSERIES SLEEVE & MANDREL KIT with compatible MSERIES dies. Using it with incompatible products may result in malfunction or injury.
- Handle the mandrel and other components with care to avoid injury.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the product.
- Ensure that your work area is clean and free from distractions while using the kit.
- Follow proper reloading practices to ensure safety and accuracy.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure that your workspace is clean and welllit.

2. Installation:

- Remove the existing sizing sleeve from your MSERIES die if applicable.
- Insert the new sizing sleeve into the die, ensuring it is securely in place.
- Attach the mandrel to the sleeve, ensuring it fits snugly.

3. Usage:

- Adjust the micrometer for headspace as needed, following the manufacturer's guidelines.
- Perform a test run to ensure the setup is correct before proceeding with full reloading.
- Monitor the process closely for any irregularities or issues.

4. PostUsage:

- After use, clean the components to remove any debris or residue.
- Store the kit in a safe, dry place away from children and pets.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste if it contains hazardous materials or components.
- Contact local waste management authorities for guidance on proper disposal methods.
