

ZERO M-SERIES SLEEVE & MANDREL KIT - ZERO M-SERIES 300 PRC SLEEVE & MANDREL KIT

ZERO M-SERIES SLEEVE & MANDREL KIT When Area 419 released the ZERO M-Series Die it changed the way the serious reloader thought about dies and how headspace should work. Along with Area 419's reamer cut sizing chambers, that fully size the case body, the integration of a full-length ground mandrel, and spring loaded decapping, the micrometer adjustability for headspace was unlike ANYTHING on the market. What Area 419 also knew would be a huge deal for reloaders though is the modularity of the dies. Available now are modular sizing sleeves for these dies. NOTE - THESE ARE REPLACEMENT SIZING INSERTS FOR M-SERIES DIES. DO NOT BUY THIS IF YOU DO NOT ALREADY OWN AN M-SERIES DIE, YOU WILL NOT BE ABLE TO USE THE ITEM. INCLUDED One Sizing Sleeve in the chosen caliber. These are exactly like the internal sleeves that come in the complete dies One mandrel, delivering approx .002" of neck tension in use, just like comes in the dies standard. One extra decapping pin It's a simple package that allows you to get the most of your M-Series dies.

ZERO MSERIES SLEEVE & MANDREL KIT

Safety Instructions

Introduction

Thank you for choosing the ZERO MSeries Sleeve & Mandrel Kit. This product is designed for serious reloaders who seek precision and modularity in their reloading process. To ensure safe and effective use of this kit, please carefully read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean and free from distractions while using the kit.
- Keep the kit out of reach of children and pets to prevent accidental injury.
- Inspect the kit for any signs of damage or wear before use. Do not use if damaged.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about any recall updates through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when handling reloading equipment and components to protect against potential hazards.
- **Handling of Components:** Handle all components with care to avoid injury. Sharp edges may be present on some parts.
- **Environment:** Use the kit in a wellventilated area to avoid inhalation of any dust or particles generated during reloading.
- **Modularity:** Only use the modular sizing sleeves with MSeries dies that you already own. Using them with incompatible products may result in improper function and safety hazards.
- **Neck Tension:** Be aware that the mandrel provides approximately .002" of neck tension. Ensure proper adjustment to avoid overtensioning, which could lead to unsafe conditions.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary components and tools required for reloading.
- Ensure your workspace is clean and organized.

2. Installation of Sizing Sleeve:

- Remove the existing sleeve from your MSeries die.
- Select the appropriate sizing sleeve for your caliber (300 PRC).
- Insert the new sizing sleeve into the die until it is securely in place.

3. Installation of Mandrel:

- Insert the mandrel into the die. Ensure it is seated correctly and securely.
- Check that the mandrel is free from any obstructions.

4. Decapping Pin:

- Install the extra decapping pin as needed. Ensure it is properly aligned to avoid breakage during use.

5. Reloading Process:

- Follow standard reloading procedures, adjusting the micrometer for headspace as required.
- Monitor the operation closely to ensure everything is functioning correctly.

6. PostUse Inspection:

- After reloading, inspect all components for wear or damage.
- Store the kit in a safe and dry location when not in use.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling programs or hazardous waste facilities in your area.

Contact Information for Further Support

For any safety inquiries or additional support regarding the ZERO MSeries Sleeve & Mandrel Kit, please refer to the manufacturer's official contact channels. Always ensure you have the product details at hand for efficient assistance.

Thank you for your attention to these safety instructions. Your adherence to these guidelines helps ensure a safe and effective reloading experience.
