

ZERO M-SERIES SLEEVE & MANDREL KIT - ZERO M-SERIES 22 CREEMOOR SLEEVE & MANDREL KIT

ZERO M-SERIES SLEEVE & MANDREL KIT When Area 419 released the ZERO M-Series Die it changed the way the serious reloader thought about dies and how headspace should work. Along with Area 419's reamer cut sizing chambers, that fully size the case body, the integration of a full-length ground mandrel, and spring loaded decapping, the micrometer adjustability for headspace was unlike ANYTHING on the market. What Area 419 also knew would be a huge deal for reloaders though is the modularity of the dies. Available now are modular sizing sleeves for these dies. NOTE - THESE ARE REPLACEMENT SIZING INSERTS FOR M-SERIES DIES. DO NOT BUY THIS IF YOU DO NOT ALREADY OWN AN M-SERIES DIE, YOU WILL NOT BE ABLE TO USE THE ITEM. INCLUDED One Sizing Sleeve in the chosen caliber. These are exactly like the internal sleeves that come in the complete dies One mandrel, delivering approx .002" of neck tension in use, just like comes in the dies standard. One extra decapping pin It's a simple package that allows you to get the most of your M-Series dies.

ZERO MSERIES SLEEVE & MANDREL KIT

Safety Instruction Guide

Introduction

Thank you for purchasing the ZERO MSERIES SLEEVE & MANDREL KIT. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the kit.

General Safety Guidelines

- Ensure that you are familiar with the product and its components before use.
- Always use the kit in accordance with the instructions provided.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Use only the recommended components and accessories with the kit.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The kit includes small parts that may pose a choking hazard to children.
 - Improper handling of the mandrel and sleeve may cause injury.
- **Avoiding Hazards:**
 - Always handle the mandrel with care to avoid cuts or punctures.
 - Ensure that the workspace is clean and free from distractions while using the kit.
 - Wear appropriate safety gear, such as safety glasses and gloves, when handling tools.
- **Age Restrictions:**
 - This product is intended for use by adults or under adult supervision. Keep it away from children.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have all components of the kit: one sizing sleeve, one mandrel, and one extra decapping pin.
- Select the appropriate caliber for your reloading needs.

2. Installation:

- Remove the existing sleeve from your MSeries die by unscrewing it.
- Carefully insert the new sizing sleeve into the die, ensuring it is secure.
- Attach the mandrel by following the manufacturer's instructions for your specific die model.

3. Usage:

- Set the desired headspace using the micrometer adjustability feature.
- Begin reloading by following the standard reloading procedures for your firearm and caliber.
- Monitor the neck tension during use to ensure optimal performance.

4. Maintenance:

- Clean the components regularly to prevent buildup of debris and ensure smooth operation.

- Store the kit in a dry place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of the product according to local regulations regarding electronic and mechanical waste.
- Do not dispose of the product in household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the manufacturer's contact details provided with your product. Always ensure you have the latest information regarding safety recalls or updates.

Thank you for your attention to these safety guidelines. Enjoy using your ZERO MSERIES SLEEVE & MANDREL KIT responsibly and safely!
