

ZERO DIE MANDREL KITS - AREA 419 ZERO 224 CALIBER MANDREL KIT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

ZERO SIZING DIE MANDREL KITS A core part of the ZERO Sizing Die design is a precision ground, full-length mandrel. Designed to provide the greatest consistency in neck tension, these were also meant to be interchangeable, allowing the reloader to select the amount of neck tension that works best for them. Area 419's mandrels are ground 17-4PH Stainless Steel, and black nitrided for smooth and long-lasting operation. These kits include FOUR mandrels, so when combined with the mandrel that came with your ZERO M-Series or S-Series sizing die, give you .0005 neck-tension increments from .0005 to .0025. Kits also include one spare decap pin, just in case.

Attributes

- Name: [AREA 419 ZERO 224 CALIBER MANDREL KIT](#)
- Manufacturer: [AREA 419](#)

ZERO Die Mandrel Kits Safety Instruction Guide

Introduction

Thank you for choosing the ZERO Die Mandrel Kits by Area 419. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure your safety and the effective operation of the product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with the product before use.
- Always use the product in accordance with the provided instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before use. Do not use if damaged.
- Report any unsafe product conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the product.
- Ensure that your work area is clean and free from any hazards that could lead to accidents.
- Do not exceed the recommended neck tension increments during use.
- Use the mandrel kits only with compatible ZERO MSeries or SSeries sizing dies.
- Avoid using the product for any purpose other than its intended use.
- Keep hands and other body parts clear of moving parts during operation.
- Follow all local regulations regarding the use of reloading equipment.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before starting the installation.
- Ensure your work area is welllit and organized.

2. Installation:

- Open the ZERO Die Mandrel Kit and carefully remove the mandrels.
- Select the appropriate mandrel based on your desired neck tension.
- Install the chosen mandrel into your ZERO MSeries or SSeries sizing die according to the manufacturer's instructions.

3. Usage:

- Set the sizing die to the correct settings as per your reloading requirements.
- Insert the case into the sizing die and operate the press according to your standard reloading procedure.
- After each use, clean the mandrels to maintain optimal performance.

4. PostUsage:

- Store the mandrels in a safe, dry place when not in use.
- Ensure that the kit is kept together and all components are accounted for.

Disposal Instructions

- Dispose of the product in accordance with local regulations on electronic waste and materials.
- Do not dispose of the product in regular household waste.
- Contact your local waste management facility for specific disposal instructions.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the manufacturer's website or contact your local distributor for assistance.

Thank you for your attention to these safety instructions. Your safety is our priority, and following these guidelines will help ensure a safe and effective experience with your ZERO Die Mandrel Kits.
