

ZERO DIE MANDREL KITS - AREA 419 ZERO 6MM CALIBER MANDREL KIT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

ZERO SIZING DIE MANDREL KITS A core part of the ZERO Sizing Die design is a precision ground, full-length mandrel. Designed to provide the greatest consistency in neck tension, these were also meant to be interchangeable, allowing the reloader to select the amount of neck tension that works best for them. Area 419's mandrels are ground 17-4PH Stainless Steel, and black nitrided for smooth and long-lasting operation. These kits include FOUR mandrels, so when combined with the mandrel that came with your ZERO M-Series or S-Series sizing die, give you .0005 neck-tension increments from .0005 to .0025. Kits also include one spare decap pin, just in case.

Attributes

- Name: [AREA 419 ZERO 6MM CALIBER MANDREL KIT](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112760

ZERO SIZING DIE MANDREL KITS Safety Instruction Guide

Introduction

Thank you for choosing the ZERO Sizing Die Mandrel Kits from Area 419. This guide provides essential safety instructions, usage guidelines, and disposal information to ensure your safe and effective use of this product. Please read this guide carefully before using the mandrel kits.

General Safety Guidelines

- Always handle the mandrel kits with care to avoid injury.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the mandrels for any signs of damage before use. Do not use damaged components.
- Ensure that your working area is clean and free from distractions while using the mandrel kits.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves during installation and usage.
- Follow all instructions provided in this guide to minimize risks associated with the product.

Specific Safety Precautions for Use

• Potential Hazards:

- Risk of injury from sharp edges or points on the mandrels.
- Risk of damage to the firearm or reloading equipment if not used correctly.

• Avoiding Hazards:

- Always ensure that the mandrels are properly aligned before use.
- Do not force the mandrels into the sizing die; they should fit smoothly.
- Keep hands clear of moving parts during operation.
- Do not exceed the recommended neck tension increments.

• Age or Audience Specific Warnings:

- This product is intended for use by adults and experienced reloaders only. It is not suitable for children.

Instructions for Installation and Usage

1. Installation:

- Ensure the sizing die is clean and free of debris.
- Select the appropriate mandrel based on your desired neck tension.
- Insert the mandrel into the sizing die, ensuring it is seated properly.
- Secure the mandrel in place according to the sizing die's instructions.

2. Usage:

- Prepare your brass cases and ensure they are clean.
- Use the sizing die with the installed mandrel to resize the neck of the brass case.
- Adjust the mandrel as needed to achieve the desired neck tension by switching to different mandrels included in the kit.

- After use, remove the mandrel and clean the sizing die as per the manufacturer's recommendations.

3. PostUse Care:

- Store the mandrels in a safe, dry location to prevent damage.
- Regularly check for wear and tear on the mandrels and other components.

Disposal Instructions

- Dispose of any damaged or wornout mandrels according to local regulations.
- Do not dispose of the product in household waste. Check with local authorities for proper disposal methods.
- Recycle packaging materials where possible.

Contact Information for Further Support

For questions or concerns regarding the ZERO Sizing Die Mandrel Kits, please refer to the official Area 419 website or contact your local distributor for assistance.

By following these safety guidelines and instructions, you can ensure a safe and efficient reloading experience with the ZERO Sizing Die Mandrel Kits. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
