

ZERO DIE MANDREL KITS - ZERO 7MM CALIBER MANDREL KIT

ZERO SIZING DIE MANDREL KITS A core part of the ZERO Sizing Die design is a precision ground, full-length mandrel. Designed to provide the greatest consistency in neck tension, these were also meant to be interchangeable, allowing the reloader to select the amount of neck tension that works best for them. Area 419's mandrels are ground 17-4PH Stainless Steel, and black nitrided for smooth and long-lasting operation. These kits include FOUR mandrels, so when combined with the mandrel that came with your ZERO M-Series or S-Series sizing die, give you .0005 neck-tension increments from .0005 to .0025. Kits also include one spare decap pin, just in case.

ZERO SIZING DIE MANDREL KITS Safety Instruction Guide

Introduction

Thank you for choosing the ZERO Sizing Die Mandrel Kits. These kits are designed to enhance your reloading experience by providing precise neck tension adjustments. To ensure safe and effective use of this product, please read and follow the safety instructions carefully.

General Safety Guidelines

- Ensure that all components are in good condition before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Keep the workspace clean and organized to prevent accidents.
- Store the mandrel kits in a dry and secure location, out of reach of children.
- Regularly inspect the mandrels for wear or damage. If any part appears damaged, discontinue use immediately.
- Familiarize yourself with the product and its components before using it.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The mandrels are precision tools and can be sharp. Handle with care to avoid cuts or punctures.
 - Improper use of the mandrels may result in inconsistent neck tension, leading to unsafe ammunition.
- **Avoiding Hazards:**
 - Always follow the manufacturer's instructions for the proper use of the mandrels.
 - Do not modify the mandrels or use them for unintended purposes.
 - Ensure that the mandrels are securely fitted into the sizing die before use.
 - Keep fingers and hands away from moving parts during operation.
- **Age Specific Warnings:**
 - This product is intended for adult use only. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 1. Select the appropriate mandrel from the kit based on your desired neck tension.
 2. Ensure the sizing die is clean and free from debris.
 3. Carefully insert the selected mandrel into the sizing die until it is fully seated.
 4. Secure the mandrel in place as per the manufacturer's instructions.
- **Usage:**
 1. Prepare your brass cases according to standard reloading practices.
 2. Insert the brass case into the sizing die with the installed mandrel.
 3. Follow your reloading press instructions to size the case.
 4. After use, remove the mandrel and clean it with a soft cloth to remove any debris or residue.

Disposal Instructions

- Dispose of any damaged or wornout mandrels in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options or designated disposal facilities.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or support regarding the ZERO Sizing Die Mandrel Kits, please refer to the contact information provided with your product packaging.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience with your ZERO Sizing Die Mandrel Kits. Always prioritize safety and stay informed about product recalls or safety updates through official channels. Thank you for your attention to these important guidelines.
