

ZERO DIE MANDREL KITS - AREA 419 ZERO 7MM CALIBER MANDREL KIT

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

ZERO SIZING DIE MANDREL KITS A core part of the ZERO Sizing Die design is a precision ground, full-length mandrel. Designed to provide the greatest consistency in neck tension, these were also meant to be interchangeable, allowing the reloader to select the amount of neck tension that works best for them. Area 419's mandrels are ground 17-4PH Stainless Steel, and black nitrided for smooth and long-lasting operation. These kits include FOUR mandrels, so when combined with the mandrel that came with your ZERO M-Series or S-Series sizing die, give you .0005 neck-tension increments from .0005 to .0025. Kits also include one spare decap pin, just in case.

Attributes

- Name: [AREA 419 ZERO 7MM CALIBER MANDREL KIT](#)
- Manufacturer: [AREA 419](#)

ZERO SIZING DIE MANDREL KITS Consumer Safety Instruction Guide

Introduction

Thank you for choosing the ZERO Sizing Die Mandrel Kits by Area 419. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. Please read this manual carefully before using the mandrel kits.

General Safety Guidelines

- Ensure that all tools and equipment are used in accordance with manufacturer instructions.
- Keep the mandrel kits out of reach of children and vulnerable individuals to prevent accidental injury.
- Always inspect the mandrel and components for damage before use. Do not use damaged parts.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Use the mandrels only with compatible ZERO MSeries or SSeries sizing dies.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the mandrels.
- Avoid direct contact with sharp edges or points on the mandrels.
- Ensure that the work area is clean and free from hazards that could cause accidents.
- Do not exceed the recommended neck tension settings as indicated in the product specifications.
- Keep hands and fingers clear of moving parts during operation to prevent injury.

Instructions for Installation and Usage

1. Installation of Mandrels:

- Select the desired mandrel from the kit.
- Carefully insert the mandrel into the sizing die, ensuring a snug fit.
- Secure the mandrel in place according to the sizing die instructions.

2. Usage of Mandrels:

- Adjust the neck tension by selecting the appropriate mandrel from the kit.
- Follow the reloading procedure as outlined in your reloading manual.
- Monitor the neck tension during the reloading process to ensure consistency.

3. Maintenance:

- Clean the mandrels after each use to prevent buildup of debris.
- Store the mandrels in a dry and safe location when not in use.
- Replace any damaged or worn parts immediately to maintain safety and performance.

Disposal Instructions

- Dispose of any damaged or unusable mandrels in accordance with local regulations.
- Do not dispose of the mandrels in regular household waste. Instead, follow your local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any inquiries or further assistance regarding the ZERO Sizing Die Mandrel Kits, please refer to the manufacturer's contact details provided in the product packaging or on the official website.

Thank you for prioritizing safety and for your commitment to responsible reloading practices. Enjoy your reloading experience with the ZERO Sizing Die Mandrel Kits.
