

HUNT SCOPE RINGS - AREA 419 HUNT 40MM DIAMETER MEDIUM (30MM) SCOPE RINGS

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Scope Rings](#)

HUNT SCOPE RINGS Given the success of their MATCH and TACTICAL scope mounts, Area 419 knew what the HUNT rings needed to be. Light, rigid, and able to hold onto an optic in a dramatic recoiling environment. To do this was no small manufacturing task. This led us down a rabbit-hole, ultimately arriving on a process that gets you final-bore matched rings, with raw aluminum internals, for a grip on your optic that is more reliable and more true than anything else made. Like most rings, these begin as separate parts. Area 419 are making the bases and caps in batches. While many will make these parts, send them to anodize, and then just assemble, Area 419 produce around the extra steps. Once these parts return from anodize, they are fully assembled, placed back into specially produced rail fixtures, with the caps torqued to spec over specially made spacers (to give the rings space to torque down on the optic), and final-bored as sets in their world-class machining centers. Rings are then brought off the machine in sets, and packaged together so you know that your rings were made for one another, and you can rely on them for decades. Is it overkill? Probably. But Area 419 think it's the right way. So that's what Area 419 are going to do. NOTE: TO KEEP THE SIZE AND WEIGHT OF THESE RINGS TO A MINIMUM, THERE ARE NO ACCESSORY ATTACHMENT POINTS ON THESE RINGS. IF YOU WANT TO BE ABLE TO ADD ACCESSORIES TO YOUR RINGS, PLEASE CHECK OUT THEIR MATCH OR TACTICAL OFFERINGS. Specifications: Material: 7075 Aerospace Grade Billet Aluminum (with Stainless Steel Hardware) Coating: Type 3 Hardcoat Anodize (internal bore is raw aluminum) Weight: 4 oz/set (30mm Medium)

Attributes

- Name: [AREA 419 HUNT 40MM DIAMETER MEDIUM \(30MM\) SCOPE RINGS](#)
- Manufacturer: [AREA 419](#)
- Product no.: 430112793
- Mfr. No.: 419-HUNT-4030
- Finish: Black
- Height: 2.25"
- Material: Aluminum
- Scope Tube Diameter: 30mm
- Size: Medium
- Style: Picatinny Rings
- Delivery weight: 0.272kg
- Shipping height: 25mm
- Shipping width: 127mm
- Shipping length: 241mm
- UPC: 810080183049

HUNT SCOPE RINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the HUNT SCOPE RINGS by Area 419. This guide provides essential safety instructions to ensure the proper use and maintenance of your scope rings. Following these guidelines will help you enjoy your product safely and effectively.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the scope rings for any signs of wear or damage.
- Keep the scope rings out of reach of children to prevent accidents.
- Do not modify or attempt to repair the scope rings yourself.
- Always follow the manufacturer's instructions for installation and use.
- If you notice any irregularities or unsafe conditions, discontinue use immediately and contact the manufacturer.

Specific Safety Precautions for Use

- Ensure that the scope rings are compatible with your optic and rifle setup.
- Use appropriate tools when tightening or adjusting the scope rings to avoid overtightening, which can damage the rings or the optic.
- Always check the torque specifications provided by the manufacturer to ensure proper installation.
- Avoid using the scope rings in extreme environmental conditions (e.g., excessive heat, cold, or moisture) that could affect performance.
- Do not exceed the weight limits of the scope rings as specified by the manufacturer.
- Be cautious when handling the scope rings, as sharp edges may be present.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and any specific tools recommended by the manufacturer.
- Ensure the workspace is clean and free from distractions.

2. Installation:

- Place the scope rings in the desired position on the rail of your rifle.
- Align the scope tube with the rings, ensuring it is level and properly positioned.
- Secure the rings by tightening the screws gradually and evenly. Use a torque wrench to apply the specified torque.
- After installation, doublecheck the alignment and tightness of the rings.

3. Usage:

- Regularly check the tightness of the screws, especially after heavy use or exposure to harsh conditions.
- Avoid using excessive force when adjusting the optic mounted on the rings.

Disposal Instructions

- Dispose of the scope rings in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options for metal components.
- If the product is damaged beyond repair, contact local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the HUNT SCOPE RINGS, please refer to the manufacturer's contact information provided with your product packaging.

By adhering to these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your HUNT SCOPE RINGS. Thank you for your attention to safety and for choosing Area 419.
