

SPD HUSH SERIES 45 COLT LEVER ACTION RIFLE - SPD HUSH 45 COLT 16.5" BBL 7 ROUND GRAY

[Firearms](#) > [Rifles](#) > [Lever Action](#)

HENRY SPD HUSH SERIES 45 COLT LEVER ACTION RIFLE The Henry SPD HUSH Series is a bold evolution in lever-action rifle design, purpose-built to be run suppressed. Developed by the Henry Special Products Division—this new R&D initiative focused on forward-thinking innovation—this inaugural release reimagines what a lever gun can be in modern hunting and shooting applications. The HUSH Series strikes the perfect balance of traditional feel and modern performance. **Designed To Be Silenced** Lever actions already offer excellent balance and speed, with the added suppressor-friendly benefit of a closed action during firing. Henry's HUSH Series takes this a step further. Every component forward of the receiver is optimized to minimize weight, keeping the rifle's natural center of gravity intact—even when a suppressor is mounted. The result is a no-compromise suppressor host that retains the instinctive handling and quick follow-up shot capability that lever guns are known for. **Match-Grade Carbon Fiber Barrel** At the heart of the HUSH Series is a match-grade 416R stainless steel barrel, wrapped in a tension-loaded roll of carbon fiber, supplied by way of a collaborative partnership with BSF Barrels of Delavan, Wisconsin. This design creates a 95% air gap between the carbon and steel, reducing weight, promoting faster cooling, and ensuring temperature stability. As the steel heats and expands, the carbon sleeve expands with it—preventing delamination and maintaining accuracy during long shooting sessions. **Adaptable. Balanced. Purposeful.** The forearm is a skeletonized aluminum design, created in collaboration with TAPCO, The American Parts Company. Its slim profile, light weight, and M-LOK® compatibility allow for quick attachment of hunting or shooting accessories without adding bulk. A forged carbon fiber Picatinny rail atop the receiver gives you the freedom to mount your preferred optic, while a threaded muzzle makes it ready for your suppressor of choice. See specifications listed below for caliber-specific thread patterns. The matte dark gray American hardwood laminate buttstock conceals more than meets the eye. It's hollowed out just enough to remove some weight while retaining exceptional durability, and the checkering and rubber recoil pad provide increased purchase and comfort. Opting for the laminate buttstock ensures the familiar wood-to-skin touch that's missing from full aluminum builds. Additional visual and functional enhancements—like a matte-finished outer magazine tube, lever, and trigger—round out the series with thoughtful finishing touches. After all, we have to make it look good too. **A Smarter Way to Hunt** By shooting suppressed, you reduce felt recoil, protect your hearing, and lessen disruption to surrounding game. It's a smarter, safer, and more ethical way to hunt—and now there's a rifle built specifically for it. **Made in America, Or Not Made At All** The SPD HUSH Series is the debut release from Henry's Special Products Division and represents our commitment to innovation without compromise. Each one is built and fine-tuned in Rice Lake, Wisconsin, backed by a Lifetime Warranty, and comes with our 100% Satisfaction Guarantee. **FEATURES:** Match-grade 416R stainless steel barrel encased in a tension-wrapped carbon fiber sleeve, manufactured in partnership with BSF Barrels of Delavan, Wisconsin Lightweight, skeletonized aluminum forearm featuring M-LOK® accessory slots, designed in collaboration with TAPCO, The American Parts Company A checkered, lightweight, matte dark gray American hardwood laminate stock with a rubber recoil pad. Safety Instruction Guide for the SPD HUSH Series 45 Colt Lever Action Rifle

Introduction

Thank you for choosing the Henry SPD HUSH Series 45 Colt Lever Action Rifle. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your rifle. Please read this document carefully and keep it for future reference.

General Safety Guidelines

To ensure your safety and the safety of others, please follow these general safety guidelines:

- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your target and what lies beyond it.
- Store the firearm unloaded and in a secure location, out of reach of children and unauthorized users.
- Use appropriate ammunition that matches the specifications of your firearm.
- Wear protective eyewear and hearing protection when shooting.
- Regularly inspect your firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

When using the SPD HUSH Series 45 Colt Lever Action Rifle, please observe the following specific safety precautions:

- Ensure the rifle is unloaded before handling or cleaning.
- Do not modify the firearm or use aftermarket parts that are not approved by the manufacturer.
- Always use the safety mechanism when the firearm is not in use.
- Be cautious when using a suppressor; ensure it is properly attached before firing.
- Avoid shooting in wet or slippery conditions to maintain control of the firearm.
- Do not shoot at hard surfaces or water, as this can cause ricochets.
- Be aware of your surroundings and ensure that no one is in the line of fire.

Instructions for Installation and Usage

To ensure proper use and installation of your SPD HUSH Series 45 Colt Lever Action Rifle, follow these instructions:

1. Unboxing and Inspection

- Carefully remove the rifle from the packaging.
- Inspect the rifle for any visible damage or defects.
- Verify that all components, including the magazine, are included.

2. Mounting Accessories

- If you wish to mount optics, use the provided Picatinny rail on the receiver.
- Ensure that any accessories comply with the MLOK® compatibility for the forearm.

3. Loading the Rifle

- Ensure the rifle is pointed in a safe direction.
- Open the action and insert the magazine into the rifle.
- Load the appropriate ammunition into the magazine, ensuring it is seated properly.

4. Preparing to Shoot

- Check that the safety is engaged before chambering a round.
- Pull back the lever to chamber a round, ensuring the action is fully closed.
- Move the safety to the "fire" position only when ready to shoot.

5. Shooting

- Maintain a firm grip on the rifle and position your body for stability.
- Aim carefully and squeeze the trigger gently.
- After firing, keep the rifle pointed downrange and open the action to eject the spent casing.

6. PostShooting Procedures

- After shooting, unload the rifle by removing the magazine and ensuring the chamber is clear.
- Clean the rifle according to the manufacturer's instructions.

Disposal Instructions

When it comes time to dispose of your SPD HUSH Series 45 Colt Lever Action Rifle, please follow these guidelines:

- If the rifle is no longer usable, contact a licensed firearms dealer or local law enforcement for proper disposal methods.
- Do not dispose of the firearm in regular trash or recycling.
- Ensure that any disposed ammunition is handled according to local regulations.

Contact Information for Further Support

For any questions or concerns regarding the SPD HUSH Series 45 Colt Lever Action Rifle, please refer to the manufacturer's website or contact their customer support.

By following these safety instructions and guidelines, you can help ensure a safe and enjoyable experience with your Henry SPD HUSH Series 45 Colt Lever Action Rifle. Thank you for your attention to safety.
