

SPD HUSH SERIES 30-30 WINCHESTER LEVER ACTION RIFLE - SPD HUSH 30-30 WINCHESTER 16.5" BBL 4 ROUND GRAY

HENRY SPD HUSH SERIES 30-30 WINCHESTER LEVER ACTION RIFLE The Henry SPD HUSH Series is a bold evolution in lever-action rifle design, purpose-built to be run suppressed. Developed by the Henry Special Products Division—this new R&D initiative focused on forward-thinking innovation—this inaugural release reimagines what a lever gun can be in modern hunting and shooting applications. The HUSH Series strikes the perfect balance of traditional feel and modern performance. **Designed To Be Silenced** Lever actions already offer excellent balance and speed, with the added suppressor-friendly benefit of a closed action during firing. Henry's HUSH Series takes this a step further. Every component forward of the receiver is optimized to minimize weight, keeping the rifle's natural center of gravity intact—even when a suppressor is mounted. The result is a no-compromise suppressor host that retains the instinctive handling and quick follow-up shot capability that lever guns are known for. **Match-Grade Carbon Fiber Barrel** At the heart of the HUSH Series is a match-grade 416R stainless steel barrel, wrapped in a tension-loaded roll of carbon fiber, supplied by way of a collaborative partnership with BSF Barrels of Delavan, Wisconsin. This design creates a 95% air gap between the carbon and steel, reducing weight, promoting faster cooling, and ensuring temperature stability. As the steel heats and expands, the carbon sleeve expands with it—preventing delamination and maintaining accuracy during long shooting sessions. **Adaptable. Balanced. Purposeful.** The forearm is a skeletonized aluminum design, created in collaboration with TAPCO, The American Parts Company. Its slim profile, light weight, and M-LOK® compatibility allow for quick attachment of hunting or shooting accessories without adding bulk. A forged carbon fiber Picatinny rail atop the receiver gives you the freedom to mount your preferred optic, while a threaded muzzle makes it ready for your suppressor of choice. See specifications listed below for caliber-specific thread patterns. The matte dark gray American hardwood laminate buttstock conceals more than meets the eye. It's hollowed out just enough to remove some weight while retaining exceptional durability, and the checkering and rubber recoil pad provide increased purchase and comfort. Opting for the laminate buttstock ensures the familiar wood-to-skin touch that's missing from full aluminum builds. Additional visual and functional enhancements—like a matte-finished outer magazine tube, lever, and trigger—round out the series with thoughtful finishing touches. After all, we have to make it look good too. **A Smarter Way to Hunt** By shooting suppressed, you reduce felt recoil, protect your hearing, and lessen disruption to surrounding game. It's a smarter, safer, and more ethical way to hunt—and now there's a rifle built specifically for it. **Made in America, Or Not Made At All** The SPD HUSH Series is the debut release from Henry's Special Products Division and represents our commitment to innovation without compromise. Each one is built and fine-tuned in Rice Lake, Wisconsin, backed by a Lifetime Warranty, and comes with our 100% Satisfaction Guarantee. **FEATURES:** Match-grade 416R stainless steel barrel encased in a tension-wrapped carbon fiber sleeve, manufactured in partnership with BSF Barrels of Delavan, Wisconsin Lightweight, skeletonized aluminum forearm featuring M-LOK® accessory slots, designed in collaboration with TAPCO, The American Parts Company A checkered, lightweight, matte dark gray American hardwood laminate stock with a rubber recoil pad. SPD HUSH SERIES 3030 WINCHESTER LEVER ACTION RIFLE Safety Instruction Guide

Introduction

Thank you for choosing the Henry SPD HUSH Series 3030 Winchester Lever Action Rifle. This guide provides important safety information to ensure the safe use and handling of your rifle. Please read this guide carefully before using the product and keep it for future reference.

General Safety Guidelines

- Always treat the rifle as if it is loaded, even when you believe it to be unloaded.
- Keep the rifle pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the rifle in a secure location, out of reach of children and unauthorized users.
- Use only the specified ammunition for your rifle.
- Wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure that you have a clear shot before firing.
- Regularly inspect the rifle for any signs of damage or wear before use.
- Follow all local laws and regulations regarding firearm ownership and use.

Specific Safety Precautions for Use

- **Children and Vulnerable Groups:** This product is not intended for use by individuals under the age of 18 without adult supervision. Ensure that young users are educated about firearm safety.
- **Handling Suppressors:** When using a suppressor, ensure that it is properly mounted and that you are familiar with its operation. Follow the manufacturer's instructions for installation and use.
- **Weight Considerations:** Be mindful of the rifle's weight, especially when using accessories. Ensure that you maintain control and stability while handling the rifle.
- **Shooting Environment:** Only shoot in designated areas that are safe and legal for firearm use. Avoid shooting in populated areas or near structures.

Instructions for Installation and Usage

1. Unpacking the Rifle:

- Carefully remove the rifle from its packaging.
- Inspect the rifle for any visible damage or missing parts. If you notice any issues, contact your dealer immediately.

2. Installing Accessories:

- If you wish to attach accessories (e.g., optics, bipods), ensure that they are compatible with the MLOK® system and Picatinny rail.
- Follow the manufacturer's instructions for mounting any accessories.

3. Loading the Rifle:

- Ensure that the rifle is pointed in a safe direction.
- Open the action and insert the magazine into the magazine well.
- Load the appropriate ammunition into the magazine, ensuring it is seated correctly.
- Close the action and check that the rifle is ready for use.

4. Firing the Rifle:

- Ensure your shooting stance is stable and your grip is firm.
- Aim at the target and ensure there is a clear line of sight.
- Place your finger on the trigger only when ready to shoot.
- After firing, remain aware of your surroundings and be prepared for followup shots if necessary.

5. Cleaning and Maintenance:

- Regularly clean the rifle according to the manufacturer's recommendations to ensure optimal performance.
- Store the rifle in a dry and secure location when not in use.

Disposal Instructions

- When disposing of the rifle, follow local laws and regulations regarding firearm disposal.
- If the rifle is no longer usable, consider contacting a licensed firearms dealer or local authorities for proper disposal methods.
- Do not dispose of ammunition in regular waste. Follow hazardous waste disposal guidelines for unused ammunition.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of your Henry SPD HUSH Series 3030 Winchester Lever Action Rifle, please refer to the manufacturer's website or contact your dealer for assistance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is paramount when handling firearms. Enjoy your shooting experience responsibly.
