- Inspect the gloves regularly for any signs of wear or damage. Do not use gloves that are worn out or compromised.
- Keep the gloves away from extreme heat sources and open flames, as they are designed to be fireresistant but not fireproof.
- Use the gloves only for their intended purpose. Avoid using them for tasks that exceed their design specifications.
- Store the gloves in a cool, dry place away from direct sunlight to maintain their integrity and performance.

Specific Safety Precautions for Use

- **D30 Knuckle Protectors:** The gloves feature D30 knuckle protectors for enhanced safety. Ensure that the knuckle area is properly aligned with your knuckles for effective protection.
- **Nomex Material:** The fireresistant Nomex material provides safety against fire and flash hazards. Avoid exposing the gloves to excessive heat.
