CellVault Battery Storage Safety Instructions

Introduction

Thank you for choosing the CellVault Battery Storage. This product is designed to keep your batteries and essential gear safe, dry, and organized. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always store the CellVault Battery Storage in a dry and clean environment to prevent damage and ensure longevity.
- Regularly check the CellVault for any signs of wear and tear, especially the lip and Oring, to maintain its waterproof capabilities.
- Keep the CellVault out of reach of children and pets to prevent accidental access to stored items.
- Do not store food items directly in the CellVault; use foodsafe plastic bags if necessary.
- Report any unsafe products or accidents to relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the CellVault is securely closed before transporting it to prevent contents from spilling.
- Avoid exposing the CellVault to extreme temperatures or direct sunlight for prolonged periods, as this may affect the integrity of the materials.
- Do not use the CellVault for diving or prolonged submersion in water, as it is not designed for such conditions.
- When storing consumables like medication or snacks, ensure the CellVault is thoroughly cleaned to avoid contamination.
- Be cautious when accessing contents to avoid injury from sharp objects or tools that may be stored inside.

Instructions for Installation and Usage

• Mounting the CellVault:

- The CellVault can be mounted to PALS, MOLLE, webbing, and straps for easy access.
- Use the integrated webbing clip for quick attachment and detachment as needed.

• Loading the CellVault:

- Open the CellVault by releasing the clip.
- Place batteries (up to three CR123, four AAA, or two AA) and small survival gear inside.
- Ensure that items are packed securely to prevent movement during transport.

• Accessing Contents:

- To access contents without removing the CellVault, simply squeeze the sides of the tube to release items.
- For better control, detach the CellVault from its mounting.

• Cleaning and Maintenance:

- Clean the CellVault with a test tube or bottle brush to maintain hygiene.
- Inspect the Oring and lip regularly for debris or damage.

Disposal Instructions

- Dispose of the CellVault responsibly in accordance with local regulations.
- If the CellVault is damaged or no longer usable, ensure that it is disposed of in a way that prevents environmental harm.
- Batteries and other electronic components should be recycled according to your local waste management guidelines.

Contact Information for Further Support
