

CELLVAULT BATTERY STORAGE - THYRM LLC CELLVAULT BATTERY STORAGE FOR AAA AND CR123 BLACK

[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

CELLVAULT BATTERY STORAGE FOR AAA AND CR123 The CellVault Battery Storage is Thyrm's original CellVault, a space-efficient way to keep your batteries and critical gear safe, dry and accessible. It can store three CR123, four AAA, or two AA batteries, as well as small survival supplies. The CellVault Battery Storage protects batteries and other critical gear while keeping it accessible and organized. Its integrated webbing clip allows you to access the CellVault's contents without removing it, or you can quickly detach it for more control. This is the original CellVault size. FEATURES: Mounts to PALS, MOLLE, webbing, and straps Lanyard loops at both ends, for more attachment options Slim vertical profile less than 1 MOLLE webbing column, freeing up space for other gear including first aid kits, ammo, and tools Slightly decreasing diameter that can keeps CR123 batteries at the bottom of the CellVault secure even when the CellVault is inverted. Just squeeze the sides of the tube to release CR-123s in the middle or bottom of the CellVault. Waterproof, dustproof, durable exterior keeping your essentials safe and accessible Designed and manufactured in the USA Colors: black, Olive Drab, Rescue Orange, Flat Dark Earth, Urban Grey, or clear with black hinge. Viewable contents through clear model A CellVault can store: Three CR123 batteries Four AAA batteries Two AA batteries (leaving a little extra room) Small survival gear such as matches, hooks and line, a light stick, iodine tablets, a compass, and lip balm First aid gear including hemostatic clotting agents, tweezers, and bandages Consumables* such as medication, instant coffee packets, electrolyte powder, candy Emergency money and a Flash Drive Cigar/Cigarettes/chewing tobacco *If you plan to store consumables (medication, snacks) in the CellVault, wash it thoroughly and consider using a food-safe plastic bag. Clean it with a test tube or bottle brush. The CellVault is made with food-safe thermoformed plastic. This model of CellVault is not designed to be waterproof under prolonged submersion. Subsequently, it is not designed for diving. Users should check the lip and O-ring of the CellVault for debris or wear that could prevent it from being waterproof over time.

CellVault Battery Storage Safety Instructions

Introduction

Thank you for choosing the CellVault Battery Storage by Thyrm LLC. This product is designed to keep your batteries and critical gear safe, dry, and accessible. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** The CellVault Battery Storage is designed to be safe for use with nonfood items. Ensure that you use the product as intended and follow all instructions provided.
- **Enhanced Recalls:** In the event of a product recall, you will receive standardized notices. Please keep your purchase information for reference.
- **Online Shopping:** Whether purchased online or in a store, the CellVault Battery Storage meets all safety requirements for consumer products.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of young children to prevent accidental ingestion of batteries or small parts.
- **EU Contact Point:** For any safety inquiries regarding this product, please consult the contact information provided with your purchase.
- **Rapid Alerts:** Stay informed about product safety by checking the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Keep the CellVault Battery Storage away from extreme heat or fire to prevent damage.
 - Do not expose the product to prolonged submersion in water, as it is not designed for diving.
 - Regularly check the lip and Oring for debris or wear that could compromise waterproofing.
- **Avoiding Hazards:**
 - Ensure that the CellVault is securely closed before transportation.
 - Do not overfill the CellVault, as this may cause difficulty in closing or accessing contents.
 - When using the integrated webbing clip, ensure it is securely attached to prevent accidental detachment.
- **AgeSpecific Warnings:**
 - This product is not suitable for children. Ensure adult supervision when used around minors.

Instructions for Installation and Usage

Installation

1. **Mounting Options:**
 - The CellVault can be mounted to PALS, MOLLE, webbing, and straps.
 - Use the lanyard loops at both ends for additional attachment options.

Usage

1. **Loading Batteries:**
 - Open the CellVault by squeezing the sides of the tube.
 - Insert up to three CR123 batteries, four AAA batteries, or two AA batteries.
 - Ensure that batteries are oriented correctly for proper storage.
2. **Storing Small Supplies:**
 - You can store small survival gear such as matches, hooks and line, a light stick, iodine tablets, a compass, and lip balm.
 - For first aid gear, include hemostatic clotting agents, tweezers, and bandages.

- If storing consumables (e.g., medication, snacks), use a foodsafe plastic bag inside the CellVault.

3. Accessing Contents:

- To access contents, use the integrated webbing clip to detach the CellVault or squeeze the sides to release batteries.
- Always ensure the CellVault is securely closed after use.

Disposal Instructions

- Dispose of the CellVault Battery Storage in accordance with local regulations for plastic waste.
- If the product is damaged or no longer functional, please recycle it responsibly.
- Batteries should be disposed of according to your local battery recycling program.

Contact Information for Further Support

For any questions or concerns regarding the CellVault Battery Storage, please refer to the contact information provided with your purchase. Always ensure you have the latest information regarding product safety and recalls.

Thank you for your attention to these safety instructions. Enjoy using your CellVault Battery Storage!
