

CELLVAULT BATTERY STORAGE FOR AAA AND CR123 O.D. GREEN

CELLVAULT BATTERY STORAGE FOR AAA AND CR123 The CellVault Battery Storage is Thyrn's original CellVault, a space-efficient way to keep your batteries and critical gear safe, dry and accessible. It can store three CR123, four AAA, or two AA batteries, as well as small survival supplies. The CellVault Battery Storage protects batteries and other critical gear while keeping it accessible and organized. Its integrated webbing clip allows you to access the CellVault's contents without removing it, or you can quickly detach it for more control. This is the original CellVault size. FEATURES: Mounts to PALS, MOLLE, webbing, and straps Lanyard loops at both ends, for more attachment options Slim vertical profile less than 1 MOLLE webbing column, freeing up space for other gear including first aid kits, ammo, and tools Slightly decreasing diameter that can keep CR123 batteries at the bottom of the CellVault secure even when the CellVault is inverted. Just squeeze the sides of the tube to release CR-123s in the middle or bottom of the CellVault. Waterproof, dustproof, durable exterior keeping your essentials safe and accessible Designed and manufactured in the USA Colors: black, Olive Drab, Rescue Orange, Flat Dark Earth, Urban Grey, or clear with black hinge. Viewable contents through clear model A CellVault can store: Three CR123 batteries Four AAA batteries Two AA batteries (leaving a little extra room) Small survival gear such as matches, hooks and line, a light stick, iodine tablets, a compass, and lip balm First aid gear including hemostatic clotting agents, tweezers, and bandages Consumables* such as medication, instant coffee packets, electrolyte powder, candy Emergency money and a Flash Drive Cigar/Cigarettes/chewing tobacco *If you plan to store consumables (medication, snacks) in the CellVault, wash it thoroughly and consider using a food-safe plastic bag. Clean it with a test tube or bottle brush. The CellVault is made with food-safe thermoformed plastic. This model of CellVault is not designed to be waterproof under prolonged submersion. Subsequently, it is not designed for diving. Users should check the lip and O-ring of the CellVault for debris or wear that could prevent it from being waterproof over time.

Attributes

- Name: CELLVAULT BATTERY STORAGE FOR AAA AND CR123 O.D. GREEN
- Manufacturer: THYRM LLC
- Product no.: 430113944
- Mfr. No.: CV002
- Delivery weight: 0.057kg

CellVault Battery Storage Safety Instruction Guide

Introduction

Thank you for choosing the CellVault Battery Storage. This guide provides essential safety instructions and guidelines to ensure the safe use of your product. The CellVault is designed to store batteries and small survival gear securely and accessibly. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the CellVault is used only for its intended purpose: storing batteries and small survival supplies.
- Keep the CellVault out of reach of children to prevent accidental ingestion of batteries or small items.
- Regularly inspect the CellVault for any signs of wear or damage, particularly the lip and Oring, to maintain its waterproof features.
- Do not expose the CellVault to prolonged submersion in water, as it is not designed for diving.
- If you plan to store consumables, wash the CellVault thoroughly and consider using a foodsafe plastic bag.
- Report any unsafe conditions or accidents related to the use of the CellVault to the appropriate authorities.

Specific Safety Precautions for Use

- **Battery Storage:**
 - Ensure batteries are inserted correctly, matching the polarity (+ and -) as indicated.
 - Do not mix different types of batteries (e.g., alkaline, lithium) in the same storage compartment.
- **Emergency Supplies:**
 - Store only small items that fit within the CellVault. Avoid overfilling to ensure proper closure.
 - Regularly check the contents for expiration dates, especially for items like medication or food.
- **Cleaning and Maintenance:**
 - Clean the CellVault with a test tube or bottle brush to avoid contamination, especially if used for consumables.
 - Avoid using harsh chemicals or abrasive materials when cleaning.

Instructions for Installation and Usage

1. **Mounting the CellVault:**
 - Use the integrated webbing clip to attach the CellVault to PALS, MOLLE, webbing, or straps.
 - Ensure the attachment is secure before use.
2. **Loading Batteries:**
 - Open the CellVault by unscrewing the cap.
 - Load up to three CR123 batteries, four AAA batteries, or two AA batteries. Ensure they are inserted with the correct polarity.
 - Close the lid securely to prevent any batteries from falling out.
3. **Storing Other Items:**
 - Place small survival items such as matches, hooks, or a light stick in the designated compartment.
 - Ensure all items are clean and dry before storage.
4. **Accessing Contents:**
 - To access the contents, simply squeeze the sides of the CellVault to release batteries or items from the middle or bottom.
 - If needed, detach the CellVault for more control when accessing contents.

Disposal Instructions

- Dispose of the CellVault responsibly according to local regulations for plastic waste.
- If the CellVault is damaged beyond repair, consider recycling it where facilities exist.
- Batteries stored in the CellVault should be disposed of according to local battery recycling guidelines.

Contact Information for Further Support

For safety inquiries or additional support regarding the CellVault Battery Storage, please contact the manufacturer or refer to the product packaging for more information.

Please remember to check for updates on potential recalls or safety notices related to the CellVault on the EU's Safety Gate platform.

Thank you for prioritizing safety and for choosing the CellVault Battery Storage for your needs.
