[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

CELLVAULT BATTERY STORAGE FOR AAA AND CR123 The CellVault Battery Storage is Thyrm's original CellVault, a space-efficient way to keep your batteries and critical gear safe, dry and accessible. It can store three CR123, four AAA, or two AA batteries, as well as small survival supplies. The CellVault Battery Storage protects batteries and other critical gear while keeping it accessible and organized. Its integrated webbing clip allows you to access the CellVault's contents without removing it, or you can quickly detach it for more control. This is the original CellVault size. FEATURES: Mounts to PALS, MOLLE, webbing, and straps Lanyard loops at both ends, for more attachment options Slim vertical profile less than 1 MOLLE webbing column, freeing up space for other gear including first aid kits, ammo, and tools Slightly decreasing diameter that can keeps CR123 batteries at the bottom of the CellVault secure even when the CellVault is inverted. Just squeeze the sides of the tube to release CR-123s in the middle or bottom of the CellVault. Waterproof, dustproof, durable exterior keeping your essentials safe and accessible Designed and manufactured in the USA Colors: black, Olive Drab, Rescue Orange, Flat Dark Earth, Urban Grey, or clear with black hinge. Viewable contents through clear model A CellVault can store: Three CR123 batteries Four AAA batteries Two AA batteries (leaving a little extra room) Small survival gear such as matches, hooks and line, a light stick, iodine tablets, a compass, and lip balm First aid gear including hemostatic clotting agents, tweezers, and bandages Consumables* such as medication, instant coffee packets, electrolyte powder, candy Emergency money and a Flash Drive Cigar/Cigarettes/chewing tobacco *If you plan to store consumables (medication, snacks) in the CellVault, wash it thoroughly and consider using a food-safe plastic bag. Clean it with a test tube or bottle brush. The CellVault is made with food-safe thermoformed plastic. This model of CellVault is not designed to be waterproof under prolonged submersion. Subsequently, it is not designed for diving. Users should check the lip and O-ring of the CellVault for debris or wear that could prevent it from being waterproof over time.
