CellVault Battery Storage Safety Instruction Guide

Introduction

Thank you for choosing the CellVault Battery Storage. This guide provides essential safety instructions to ensure safe usage of the product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the CellVault Battery Storage to understand its features, safety precautions, and proper usage.

General Safety Guidelines

To ensure your safety and the safety of others while using the CellVault Battery Storage, please follow these guidelines:

- Always store the CellVault in a cool, dry place away from direct sunlight.
- Keep out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage, especially the lip and Oring, to maintain waterproof capabilities.
- Do not use the CellVault to store food items or consumables without proper cleaning and foodsafe packaging.
- Avoid prolonged submersion in water, as the product is not designed for diving.

Specific Safety Precautions for Use

When using the CellVault Battery Storage, observe the following safety precautions:

- Ensure the CellVault is securely closed to prevent accidental opening and loss of contents.
- Do not exceed the recommended storage capacity:
 - Three CR123 batteries
 - Four AAA batteries
 - Two AA batteries
 - Small survival gear and first aid items
- When accessing the contents, hold the CellVault securely to prevent dropping.
- Avoid using the CellVault in extreme temperatures that may affect the integrity of the materials.
- If storing consumables, wash the CellVault thoroughly and consider using foodsafe plastic bags for added safety.

Instructions for Installation and Usage

To effectively use the CellVault Battery Storage, follow these instructions:

1. Mounting the CellVault:

- Use the integrated webbing clip to mount the CellVault to PALS, MOLLE, webbing, or straps.
- Ensure the clip is securely attached to prevent accidental detachment.

2. Storing Batteries and Gear:

- Open the CellVault by pressing on the sides of the tube.
- Place batteries in the designated compartments:
 - Insert three CR123 batteries at the bottom.
 - Place four AAA batteries in the middle section.

- If using AA batteries, insert up to two, leaving a little extra room.
- Store small survival gear such as matches, a light stick, or a compass in the remaining space.
- For first aid gear, ensure items like bandages and tweezers are securely placed.

3. Accessing Contents:

- To access the contents, either detach the CellVault from its mounting or keep it attached and squeeze the sides to release batteries.
- Always ensure a firm grip while accessing to avoid dropping any items.

4. Cleaning and Maintenance:

- Clean the CellVault with a test tube or bottle brush using mild soap and water.
- Rinse thoroughly and allow to dry completely before storing items again.

Disposal Instructions

When it comes time to dispose of the CellVault Battery Storage, please follow these guidelines:

- Dispose of the product in accordance with local regulations for plastic waste.
- If the product is damaged or no longer functional, consider recycling it if facilities are available.
- Do not dispose of the CellVault in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or product use, please refer to the manufacturer's contact details provided with the product packaging. It is advisable to keep this guide for future reference.

By following these safety instructions, you can ensure a safe and effective use of the CellVault Battery Storage. Thank you for your attention to these important safety guidelines.
