

CELLVAULT BATTERY STORAGE - THYRM LLC CELLVAULT BATTERY STORAGE FOR AAA AND CR123 RESCUE ORANGE

[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

CELLVAULT BATTERY STORAGE FOR AAA AND CR123 The CellVault Battery Storage is Thyrm's original CellVault, a space-efficient way to keep your batteries and critical gear safe, dry and accessible. It can store three CR123, four AAA, or two AA batteries, as well as small survival supplies. The CellVault Battery Storage protects batteries and other critical gear while keeping it accessible and organized. Its integrated webbing clip allows you to access the CellVault's contents without removing it, or you can quickly detach it for more control. This is the original CellVault size. FEATURES: Mounts to PALS, MOLLE, webbing, and straps Lanyard loops at both ends, for more attachment options Slim vertical profile less than 1 MOLLE webbing column, freeing up space for other gear including first aid kits, ammo, and tools Slightly decreasing diameter that can keeps CR123 batteries at the bottom of the CellVault secure even when the CellVault is inverted. Just squeeze the sides of the tube to release CR-123s in the middle or bottom of the CellVault. Waterproof, dustproof, durable exterior keeping your essentials safe and accessible Designed and manufactured in the USA Colors: black, Olive Drab, Rescue Orange, Flat Dark Earth, Urban Grey, or clear with black hinge. Viewable contents through clear model A CellVault can store: Three CR123 batteries Four AAA batteries Two AA batteries (leaving a little extra room) Small survival gear such as matches, hooks and line, a light stick, iodine tablets, a compass, and lip balm First aid gear including hemostatic clotting agents, tweezers, and bandages Consumables* such as medication, instant coffee packets, electrolyte powder, candy Emergency money and a Flash Drive Cigar/Cigarettes/chewing tobacco *If you plan to store consumables (medication, snacks) in the CellVault, wash it thoroughly and consider using a food-safe plastic bag. Clean it with a test tube or bottle brush. The CellVault is made with food-safe thermoformed plastic. This model of CellVault is not designed to be waterproof under prolonged submersion. Subsequently, it is not designed for diving. Users should check the lip and O-ring of the CellVault for debris or wear that could prevent it from being waterproof over time.

CellVault Battery Storage Safety Instruction Guide

Introduction

Thank you for choosing the CellVault Battery Storage by Thyrm LLC. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your CellVault Battery Storage. Please read this document thoroughly before using the product.

General Safety Guidelines

To ensure your safety and the proper functioning of the CellVault Battery Storage, please adhere to the following guidelines:

- Always store batteries in a cool, dry place.
- Keep the CellVault out of reach of children to prevent accidental ingestion of small items.
- Regularly inspect the CellVault for any signs of wear or damage, especially the lip and Oring.
- Avoid prolonged submersion in water; this model is not designed for diving.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

Specific Safety Precautions for Use

When using the CellVault Battery Storage, please consider the following precautions:

- Ensure that the CellVault is securely closed before storing it.
- Do not mix different types of batteries (e.g., lithium and alkaline) in the CellVault.
- Avoid exposing the CellVault to extreme temperatures or direct sunlight for extended periods.
- If storing consumables (e.g., medication, snacks), wash the CellVault thoroughly and consider using a foodsafe plastic bag.
- Be cautious when removing items from the CellVault, especially if it is attached to gear.

Instructions for Installation and Usage

To ensure proper use of the CellVault Battery Storage, follow these instructions:

1. Mounting the CellVault:

- Use the integrated webbing clip to attach the CellVault to PALS, MOLLE, or other compatible webbing and straps.
- For added security, utilize the lanyard loops at both ends for additional attachment options.

2. Storing Batteries:

- Open the CellVault by releasing the clip or detaching it from your gear.
- Place up to three CR123 batteries, four AAA batteries, or two AA batteries inside the CellVault.
- Ensure that the batteries are oriented correctly and that the CellVault is closed securely.

3. Storing Small Gear:

- In addition to batteries, you can store small survival gear such as matches, hooks, a light stick, iodine tablets, a compass, and lip balm.
- First aid supplies, including hemostatic agents, tweezers, and bandages, can also be stored in the CellVault.

4. Accessing Contents:

- To access items in the CellVault, squeeze the sides of the tube to release CR123 batteries if they are located in the middle or bottom.
- Always ensure that the CellVault is securely attached or held firmly while accessing contents.

5. Cleaning the CellVault:

- Clean the CellVault using a test tube or bottle brush to maintain hygiene, especially if storing consumables.
- Use mild soap and water; ensure it is thoroughly dried before storage.

Disposal Instructions

When it is time to dispose of the CellVault Battery Storage, please follow these instructions:

- Dispose of the CellVault in accordance with local regulations for plastic waste.
- If the CellVault is damaged or no longer usable, ensure that all stored items are removed and disposed of properly.
- Do not dispose of batteries in regular waste; follow local guidelines for battery disposal.

Contact Information for Further Support

For any questions or concerns regarding the CellVault Battery Storage, please refer to the manufacturer's contact information provided with the product. It is important to reach out for assistance to ensure safe usage and compliance with safety regulations.

Thank you for your attention to these safety instructions. Enjoy using your CellVault Battery Storage safely and effectively!
