[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

CELLVAULT BATTERY STORAGE FOR AAA AND CR123 The CellVault Battery Storage is Thyrm's original CellVault, a space-efficient way to keep your batteries and critical gear safe, dry and accessible. It can store three CR123, four AAA, or two AA batteries, as well as small survival supplies. The CellVault Battery Storage protects batteries and other critical gear while keeping it accessible and organized. Its integrated webbing clip allows you to access the CellVault's contents without removing it, or you can quickly detach it for more control. This is the original CellVault size. FEATURES: Mounts to PALS, MOLLE, webbing, and straps Lanyard loops at both ends, for more attachment options Slim vertical profile less than 1 MOLLE webbing column, freeing up space for other gear including first aid kits, ammo, and tools Slightly decreasing diameter that can keeps CR123 batteries at the bottom of the CellVault secure even when the CellVault is inverted. Just squeeze the sides of the tube to release CR-123s in the middle or bottom of the CellVault. Waterproof, dustproof, durable exterior keeping your essentials safe and accessible Designed and manufactured in the USA Colors: black, Olive Drab, Rescue Orange, Flat Dark Earth, Urban Grey, or clear with black hinge. Viewable contents through clear model A CellVault can store: Three CR123 batteries Four AAA batteries Two AA batteries (leaving a little extra room) Small survival gear such as matches, hooks and line, a light stick, iodine tablets, a compass, and lip balm First aid gear including hemostatic clotting agents, tweezers, and bandages Consumables* such as medication, instant coffee packets, electrolyte powder, candy Emergency money and a Flash Drive Cigar/Cigarettes/chewing tobacco *If you plan to store consumables (medication, snacks) in the CellVault, wash it thoroughly and consider using a food-safe plastic bag. Clean it with a test tube or bottle brush. The CellVault is made with food-safe thermoformed plastic. This model of CellVault is not designed to be waterproof under prolonged submersion. Subsequently, it is not designed for diving. Users should check the lip and O-ring of the CellVault for debris or wear that could prevent it from being waterproof over time.

CELLVAULT BATTERY STORAGE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the CellVault Battery Storage by Thyrm LLC. This guide provides essential safety instructions to ensure the safe and effective use of your CellVault Battery Storage for AAA and CR123 batteries. Please read this document carefully to understand how to use the product safely and responsibly.

General Safety Guidelines

- **Product Safety:** The CellVault Battery Storage is designed to keep your batteries and critical gear safe and accessible. Always ensure it is used according to the instructions provided.
- **Enhanced Recalls:** In the event of any safety concerns or recalls, you will be notified through standardized notices. Please stay informed about any updates regarding your product.
- **Online Shopping:** If purchased online, rest assured that the product meets the same safety standards as those sold in physical stores.
- **Special Consumer Focus:** Extra precautions should be taken when using this product around children. Ensure that it is stored out of their reach.
- **EU Contact Point:** For safety inquiries, please refer to the contact details provided on the product packaging or the manufacturer's website.
- **Rapid Alerts:** Stay updated on any safety alerts regarding the CellVault Battery Storage through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Battery Storage:** Only store compatible batteries (three CR123, four AAA, or two AA) in the CellVault. Do not exceed the recommended capacity.
- **Avoid Prolonged Submersion:** The CellVault is not designed to be waterproof under prolonged submersion. Do not use it in situations where it may be submerged in water for extended periods.
- **Check for Wear:** Regularly inspect the lip and O-ring of the CellVault for any debris or wear that could compromise its waterproof capabilities.
- **Handling Consumables:** If storing consumables (medication, snacks), wash the CellVault thoroughly and consider using foodsafe plastic bags. Clean it with a test tube or bottle brush.
- **Keep Away from Heat:** Store the CellVault in a cool, dry place away from direct sunlight and heat sources to prevent damage to the batteries and contents.

Instructions for Installation and Usage

- **Mounting the CellVault:**
 - Use the integrated webbing clip to mount the CellVault to PALS, MOLLE, webbing, or straps.
 - Ensure it is securely attached before use.
- **Accessing Contents:**
 - To access the contents, simply squeeze the sides of the tube to release CR123 batteries stored in the middle or bottom.
 - You can detach the CellVault for more control or keep it attached for convenience.
- **Storing Batteries and Gear:**
 - Place batteries in their designated slots, ensuring they are secure.
 - Store small survival gear, such as matches, hooks and line, light sticks, iodine tablets, compasses, and lip balm in the available space.
 - For first aid gear, include hemostatic clotting agents, tweezers, and bandages as needed.
 - Utilize the CellVault for storing consumables like medication, instant coffee packets, electrolyte powder, or emergency cash.

Disposal Instructions

- **Recycling:** Dispose of the CellVault responsibly according to local regulations. Check with your local waste management authority for guidance on recycling plastic products.
- **Batteries:** Dispose of batteries according to local regulations. Many communities have specific dropoff locations for battery recycling. Do not throw batteries in regular trash.

Contact Information for Further Support

For any questions or concerns regarding the CellVault Battery Storage, please refer to the contact information provided on the product packaging or visit the manufacturer's website for further assistance.

Thank you for choosing the CellVault Battery Storage. By following these safety instructions, you can ensure the effective and safe use of your product. Stay safe and enjoy the convenience of organized battery storage!
