

CELLVAULT BATTERY STORAGE - THYRM LLC CELLVAULT BATTERY STORAGE FOR AAA AND CR123 URBAN GRAY

[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

CELLVAULT BATTERY STORAGE FOR AAA AND CR123 The CellVault Battery Storage is Thyrm's original CellVault, a space-efficient way to keep your batteries and critical gear safe, dry and accessible. It can store three CR123, four AAA, or two AA batteries, as well as small survival supplies. The CellVault Battery Storage protects batteries and other critical gear while keeping it accessible and organized. Its integrated webbing clip allows you to access the CellVault's contents without removing it, or you can quickly detach it for more control. This is the original CellVault size. FEATURES: Mounts to PALS, MOLLE, webbing, and straps Lanyard loops at both ends, for more attachment options Slim vertical profile less than 1 MOLLE webbing column, freeing up space for other gear including first aid kits, ammo, and tools Slightly decreasing diameter that can keeps CR123 batteries at the bottom of the CellVault secure even when the CellVault is inverted. Just squeeze the sides of the tube to release CR-123s in the middle or bottom of the CellVault. Waterproof, dustproof, durable exterior keeping your essentials safe and accessible Designed and manufactured in the USA Colors: black, Olive Drab, Rescue Orange, Flat Dark Earth, Urban Grey, or clear with black hinge. Viewable contents through clear model A CellVault can store: Three CR123 batteries Four AAA batteries Two AA batteries (leaving a little extra room) Small survival gear such as matches, hooks and line, a light stick, iodine tablets, a compass, and lip balm First aid gear including hemostatic clotting agents, tweezers, and bandages Consumables* such as medication, instant coffee packets, electrolyte powder, candy Emergency money and a Flash Drive Cigar/Cigarettes/chewing tobacco *If you plan to store consumables (medication, snacks) in the CellVault, wash it thoroughly and consider using a food-safe plastic bag. Clean it with a test tube or bottle brush. The CellVault is made with food-safe thermoformed plastic. This model of CellVault is not designed to be waterproof under prolonged submersion. Subsequently, it is not designed for diving. Users should check the lip and O-ring of the CellVault for debris or wear that could prevent it from being waterproof over time.

CellVault Battery Storage Safety Instruction Guide

Introduction

Thank you for choosing the CellVault Battery Storage by Thyrm LLC. This product is designed to keep your batteries and essential gear safe, dry, and organized. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the CellVault Battery Storage is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the CellVault for any signs of damage, wear, or debris that may affect its performance.
- Do not expose the CellVault to prolonged submersion in water, as it is not designed for diving.
- Always check the lip and O-ring for debris before use to maintain waterproof integrity.

Specific Safety Precautions for Use

- When storing consumables (e.g., medication, snacks), wash the CellVault thoroughly and consider using a foodsafe plastic bag.
- Use caution when handling batteries to avoid short circuits, which can cause leaks or fires.
- Do not store batteries that are damaged or leaking, as they may pose a safety risk.
- Ensure that the CellVault is securely closed before transport to prevent accidental opening.
- Avoid dropping or subjecting the CellVault to strong impacts, which could compromise its integrity.

Instructions for Installation and Usage

1. Mounting the CellVault:

- Use the integrated webbing clip to attach the CellVault to PALS, MOLLE, webbing, or straps.
- Ensure that the clip is securely fastened before use.

2. Loading Batteries:

- Open the CellVault by squeezing the sides of the tube.
- Place up to three CR123 batteries, four AAA batteries, or two AA batteries in the designated compartments.
- For added security, ensure that the batteries are positioned with the terminals facing the correct direction.

3. Storing Small Gear:

- Use the remaining space to store small survival supplies, such as matches, hooks and line, or a light stick.
- Ensure that all items stored inside the CellVault are dry and clean to avoid contamination.

4. Accessing Contents:

- To access the contents without removing the CellVault, simply unclip and open the lid.
- If you need to detach it for more control, gently unclip the webbing clip.

5. Cleaning and Maintenance:

- Clean the CellVault with a test tube or bottle brush to maintain hygiene, especially if storing consumables.
- Use mild soap and water, ensuring it is thoroughly dried before storage.

Disposal Instructions

- Dispose of the CellVault in accordance with local regulations regarding plastic waste.
- If the CellVault is damaged or no longer usable, consider recycling it if possible.
- Do not dispose of batteries in regular household waste; follow local guidelines for battery disposal.

Contact Information for Further Support

For any inquiries regarding the safety or usage of the CellVault Battery Storage, please refer to the manufacturer's contact details provided on the packaging or product documentation.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using your CellVault Battery Storage.
