CellVault Battery Storage Safety Instructions

Introduction

Thank you for choosing the CellVault Battery Storage. This product is designed to keep your batteries and essential gear safe, dry, and organized. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the CellVault Battery Storage is used only for its intended purpose of storing batteries and small survival gear.
- Always inspect the CellVault for any signs of damage before use. Do not use if damaged.
- Keep the CellVault out of reach of children to prevent accidental ingestion of small parts or batteries.
- Avoid exposing the CellVault to extreme temperatures, moisture, or direct sunlight for prolonged periods.
- Regularly check the lip and O-ring of the CellVault for debris or wear to maintain its waterproof capabilities.

Specific Safety Precautions for Use

- Do not store consumables such as medication or snacks without proper precautions. Clean the CellVault thoroughly and consider using a foodsafe plastic bag.
- When storing CR123 batteries, ensure they are inserted correctly and do not exceed the maximum capacity.
- Avoid submerging the CellVault in water for extended periods, as it is not designed for prolonged submersion.
- If you notice any leakage from batteries, remove them immediately and clean the CellVault with a damp cloth.
- Do not use the CellVault for storing flammable materials or hazardous substances.

Instructions for Installation and Usage

1. Mounting the CellVault:

- Use the integrated webbing clip to attach the CellVault to PALS, MOLLE, webbing, or straps.
- Ensure it is secured firmly to prevent accidental detachment.

2. Storing Batteries:

- Open the CellVault by squeezing the sides to access the interior.
- Place up to three CR123 batteries, four AAA batteries, or two AA batteries in the designated compartments.
- For CR123 batteries, ensure they are stored at the bottom of the CellVault to keep them secure, even when inverted.

3. Storing Survival Gear:

- Place small survival items such as matches, hooks and line, light sticks, iodine tablets, compasses, and lip balm in the available space.
- Ensure that all items are dry and clean before storage.

4. Accessing Contents:

- To access the contents, simply squeeze the sides of the CellVault and retrieve the items needed.

- If you need to detach the CellVault for better control, unclip it from its mounting.

Disposal Instructions

- Dispose of the CellVault responsibly in accordance with local regulations.
- If the CellVault is no longer usable, consider recycling it if possible.
- Batteries stored in the CellVault should be disposed of according to local battery recycling guidelines.

Contact Information for Further Support

For any questions regarding the CellVault Battery Storage, please consult the manufacturer or your retailer for assistance. Always keep the product packaging and any relevant documentation for future reference.

Thank you for your attention to these safety instructions. Enjoy the safe and effective use of your CellVault Battery Storage!
