

CELLVAULT XL BATTERY STORAGE FOR AAA,CR123 & 18650 FDE

CELLVAULT XL BATTERY STORAGE FOR AAA, CR123 AND 18650 Meet the CellVault XL, big brother of the original CellVault. It has twice the storage capacity of the original CellVault, plus can safely store larger gear and batteries such as 18650s. A CellVault XL can hold four AA, six CR123, eight AAA, or two 18650 batteries. The CellVault XL is the large version of the CellVault. Like the original CellVault, it protects batteries and other critical gear while keeping it accessible and organized. Use the integrated webbing clip to access the CellVault's contents without removing it, or you can quickly detach it for more control. FEATURES: Twice the capacity of the original CellVault, with a removable inner divider Easily attaches to M.O.L.L.E., webbing, and straps Lanyard loops at both ends, for more attachment options Slim vertical profile that utilizes 1 M.O.L.L.E. webbing column, freeing up space for other gear including first aid kits, ammo, and tools Internal divider can keep CR123 batteries inside secure even when the CellVault XL is inverted. Just squeeze the front and back of the tube to release CR123s. Waterproof, dustproof, durable exterior Designed and manufactured in the USA Solid colors: black, Olive Drab, Rescue Orange, Flat Dark Earth, or Urban Grey Two clear models: clear with black hinge, clear with red hinge A CellVault XL can store: Two 18650 batteries (with CellVault XL divider removed) Four AA batteries (leaving a little extra room) Six CR123 batteries Eight AAA batteries Small survival gear such as lighters, hooks and line, a light stick, a compass, and lip balm First aid gear including hemostatic clotting agents, tweezers, and bandages Consumables* such as medication, instant coffee packets, electrolyte powder, candy Valuables such as emergency money, a flash drive, and keys Cigar/Cigarettes/chewing tobacco Sewing kit Use a different color CellVault to contain different critical gear. The Clear-Red CellVault XL is perfect for first aid supplies. *Before storing consumables (medication, snacks) in the CellVault, wash it thoroughly and consider using a food-safe plastic bag. Clean the CellVault with a test tube or bottle brush. The CellVault is made of food-safe thermoformed plastic. The CellVault is not designed to be waterproof under prolonged submersion. Therefore, it is not designed for diving. Users should check the lip and O-ring of the CellVault for debris or wear that could prevent it from being waterproof over time.

Attributes

- Name: CELLVAULT XL BATTERY STORAGE FOR AAA,CR123 & 18650 FDE
- Manufacturer: THYRM LLC
- Product no.: 430113952
- Mfr. No.: CVXL004
- Delivery weight: 0.057kg
- Shipping height: 46mm
- Shipping width: 114mm
- Shipping length: 203mm
- UPC: 754697743336

CELLVAULT XL Battery Storage Safety Instructions

Introduction

Thank you for choosing the CELLVAULT XL Battery Storage. This guide provides important safety instructions and information to ensure the safe and effective use of your product. Please read this manual carefully before using the CELLVAULT XL.

General Safety Guidelines

- Always store the CELLVAULT XL in a cool, dry place away from direct sunlight and heat sources.
- Keep the CELLVAULT XL out of reach of children and pets to prevent accidents.
- Regularly inspect the CELLVAULT XL for damage or wear, especially the lip and Oring, to maintain its waterproof capabilities.
- Do not submerge the CELLVAULT XL in water for extended periods, as it is not designed for prolonged submersion.
- Use only compatible battery types (AAA, CR123, and 18650) as specified in the product description to avoid hazards.
- Avoid using the CELLVAULT XL for storing consumables without proper precautions, such as using foodsafe plastic bags.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- When inserting or removing batteries, ensure that you are doing so in a welllit area to avoid mistakes.
- Do not attempt to repair or modify the CELLVAULT XL. If it is damaged, discontinue use and contact the manufacturer for guidance.
- Ensure that the internal divider is properly positioned when storing batteries to prevent movement and potential shortcircuiting.
- Do not overload the CELLVAULT XL beyond its specified capacity to maintain structural integrity.
- If you notice any unusual odors, leakage, or swelling from the batteries stored within the CELLVAULT XL, safely dispose of the batteries and clean the unit before further use.

Instructions for Installation and Usage

1. Attachment:

- Use the integrated webbing clip to attach the CELLVAULT XL to M.O.L.L.E., webbing, or straps.
- Ensure that the unit is securely fastened before use.

2. Storage:

- Open the CELLVAULT XL by releasing the latch or clip.
- Place batteries in their designated slots:
 - Two 18650 batteries (with the divider removed).
 - Four AA batteries.
 - Six CR123 batteries.
 - Eight AAA batteries.
- For small survival gear, such as lighters and compasses, utilize the remaining space as needed.

3. Accessing Contents:

- To access the contents without detaching the CELLVAULT XL, simply squeeze the front and back of the tube to release CR123 batteries.
- If you need to detach the unit for better control, do so carefully to avoid dropping it.

4. Cleaning:

- Clean the CELLVAULT XL using a test tube or bottle brush with mild soap and water.
- Rinse thoroughly and allow it to dry completely before storing any items.

5. Disposal Instructions:

- Dispose of the CELLVAULT XL according to local regulations regarding plastic waste.
- For batteries, follow proper disposal guidelines as per local laws to ensure environmental safety.

Contact Information for Further Support

For any inquiries or concerns regarding the CELLVAULT XL, please reach out to the manufacturer's customer service. Ensure you have the product details ready for a more efficient response.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities. Enjoy the benefits of your CELLVAULT XL Battery Storage!
