

CELLVAULT XL BATTERY STORAGE - THYRM LLC CELLVAULT XL BATTERY STORAGE FOR AAA,CR123 & 18650 FDE

[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

CELLVAULT XL BATTERY STORAGE FOR AAA, CR123 AND 18650 Meet the CellVault XL, big brother of the original CellVault. It has twice the storage capacity of the original CellVault, plus can safely store larger gear and batteries such as 18650s. A CellVault XL can hold four AA, six CR123, eight AAA, or two 18650 batteries. The CellVault XL is the large version of the CellVault. Like the original CellVault, it protects batteries and other critical gear while keeping it accessible and organized. Use the integrated webbing clip to access the CellVault's contents without removing it, or you can quickly detach it for more control. FEATURES: Twice the capacity of the original CellVault, with a removable inner divider Easily attaches to M.O.L.L.E., webbing, and straps Lanyard loops at both ends, for more attachment options Slim vertical profile that utilizes 1 M.O.L.L.E. webbing column, freeing up space for other gear including first aid kits, ammo, and tools Internal divider can keep CR123 batteries inside secure even when the CellVault XL is inverted. Just squeeze the front and back of the tube to release CR123s. Waterproof, dustproof, durable exterior Designed and manufactured in the USA Solid colors: black, Olive Drab, Rescue Orange, Flat Dark Earth, or Urban Grey Two clear models: clear with black hinge, clear with red hinge A CellVault XL can store: Two 18650 batteries (with CellVault XL divider removed) Four AA batteries (leaving a little extra room) Six CR123 batteries Eight AAA batteries Small survival gear such as lighters, hooks and line, a light stick, a compass, and lip balm First aid gear including hemostatic clotting agents, tweezers, and bandages Consumables* such as medication, instant coffee packets, electrolyte powder, candy Valuables such as emergency money, a flash drive, and keys Cigar/Cigarettes/chewing tobacco Sewing kit Use a different color CellVault to contain different critical gear. The Clear-Red CellVault XL is perfect for first aid supplies. *Before storing consumables (medication, snacks) in the CellVault, wash it thoroughly and consider using a food-safe plastic bag. Clean the CellVault with a test tube or bottle brush. The CellVault is made of food-safe thermoformed plastic. The CellVault is not designed to be waterproof under prolonged submersion. Therefore, it is not designed for diving. Users should check the lip and O-ring of the CellVault for debris or wear that could prevent it from being waterproof over time.

Attributes

CellVault XL Battery Storage Safety Instructions

Introduction

Thank you for choosing the CellVault XL Battery Storage by THYRM LLC. This guide provides essential safety instructions to ensure the safe use and maintenance of your product. Please read this document carefully before using the CellVault XL to understand its features, safety precautions, and proper usage.

General Safety Guidelines

- Ensure that the CellVault XL is used only for its intended purpose: storing batteries and small survival gear.
- Keep the CellVault XL out of reach of children and vulnerable individuals to prevent accidental ingestion or misuse.
- Regularly inspect the CellVault XL for any signs of wear or damage, particularly the lip and Oring, to maintain its waterproof integrity.
- Avoid prolonged submersion in water as the CellVault XL is not designed for diving or underwater use.
- Store the CellVault XL in a cool, dry place to prevent damage from extreme temperatures or moisture.

Specific Safety Precautions for Use

- **Battery Storage:**
 - Do not mix different types of batteries (e.g., alkaline, lithium) in the CellVault XL.
 - Ensure that batteries are inserted in the correct orientation to avoid leaks or short circuits.
 - Remove batteries from the CellVault XL if they show signs of corrosion or leakage.
- **Consumables:**
 - Before storing consumables (e.g., medication, snacks), wash the CellVault thoroughly and consider using a foodsafe plastic bag.
 - Avoid storing consumables that can spoil or require refrigeration.
- **Emergency Preparedness:**
 - Use a different color CellVault for different types of critical gear to avoid confusion.
 - Regularly check the contents of your CellVault XL to ensure that all items are in good condition and replace any expired items.

Instructions for Installation and Usage

1. Attaching the CellVault XL:

- Use the integrated webbing clip to attach the CellVault XL to M.O.L.L.E. webbing, straps, or other gear.
- Ensure that the attachment is secure before use.

2. Accessing Contents:

- To access the contents, you can either open the CellVault XL while it is attached or detach it for more control.
- Squeeze the front and back of the tube to release CR123 batteries if stored inside.

3. Storing Batteries:

- For optimal storage, use the removable inner divider to separate different battery types.
- Store batteries in accordance with the maximum capacity:
 - Two 18650 batteries (with divider removed)
 - Four AA batteries
 - Six CR123 batteries
 - Eight AAA batteries

4. Cleaning the CellVault XL:

- Clean the CellVault XL using a test tube or bottle brush to ensure all residues are removed.
- Do not use abrasive cleaners as they may damage the surface.

Disposal Instructions

- Dispose of the CellVault XL in accordance with local regulations regarding plastic waste.
- If the CellVault XL is damaged or no longer functional, please recycle it where facilities exist.
- Do not dispose of batteries in regular trash; follow local guidelines for battery disposal.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure the safe and effective use of your CellVault XL Battery Storage. Thank you for your attention to these guidelines, and enjoy the benefits of your new product!
