

CELLVAULT 18 BATTERY STORAGE FOR 18350 AND 18650 BLACK

CELLVAULT-18 BATTERY STORAGE FOR 18350 AND 18650 Protect your premium 18650 and 18350 batteries while keeping them immediately accessible, with the CellVault-18. Premium batteries require protection from physical and environmental damage but need to remain accessible to keep advanced tactical lights running at full power. The CellVault-18 takes attachable battery storage to the next level with new features like side windows that help you verify gear status, a metal locking latch, and waterproof double-layer construction. FEATURES: Holds 1 18650 or 2 18350 Rechargeable Batteries Waterproof O-ring seal rated to IPX7 at 2 meters for 30+ minutes Folding metal latch for simple installation and positive attachment Silicone foam shock absorber/noise silencer Clear side windows allow for gear status checks Slim profile: less than 1 MOLLE/PALS column wide for easy integration into existing gear configurations Designed and manufactured in the USA INSTALLATION: Unlock the bottom latch and open the CellVault-18. Fold the latch flat to reduce profile. Insert the rigid strut through MOLLE/PALS Webbing. Unfold the latch to 90 degrees. Verify foam shock absorber is at the bottom of the CellVault-18 tube. Insert battery (or batteries) with the positive (+) terminal towards the foam at the bottom. Close the tube and latch, making sure no material is caught in the tube/cap interface.

CELLVAULT18 Battery Storage Safety Instructions

Introduction

Thank you for choosing the CELLVAULT18 Battery Storage for your 18650 and 18350 batteries. This product is designed to protect your batteries while ensuring they remain accessible for use. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** The CELLVAULT18 is designed to ensure safe use of nonfood products, providing protection against physical and environmental damage.
- **Enhanced Recalls:** In the event of a product recall, standardized notices will be provided, along with free remedies for dangerous products.
- **Online Shopping:** If purchased online, the CELLVAULT18 comes with the same safety protections as those bought in physical stores.
- **Special Consumer Focus:** Extra safeguards are in place for vulnerable groups, including children. Keep this product out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Stay informed about any updates on unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- Always use the CELLVAULT18 according to the provided instructions to avoid accidents.
- Do not expose the product to extreme temperatures, moisture, or direct sunlight for prolonged periods.
- Ensure that the batteries are correctly inserted with the positive (+) terminal facing the foam at the bottom of the tube.
- Regularly check the integrity of the waterproof O-ring seal to maintain protection against water damage.
- Avoid using the CELLVAULT18 if it is damaged or shows signs of wear.
- Keep the product away from children and pets to prevent accidental opening or ingestion of small parts.

Instructions for Installation and Usage

1. **Unlock the bottom latch:** Open the CELLVAULT18 by unlocking the bottom latch.
2. **Fold the latch:** Fold the latch flat to reduce the overall profile of the product.
3. **Insert the rigid strut:** Place the rigid strut through the MOLLE/PALS webbing for secure attachment.
4. **Unfold the latch:** Unfold the latch to a 90-degree angle to ensure a secure fit.
5. **Verify the foam shock absorber:** Ensure that the foam shock absorber is positioned at the bottom of the CELLVAULT18 tube.
6. **Insert batteries:** Place the battery (or batteries) into the tube with the positive (+) terminal facing the foam.
7. **Close the tube:** Securely close the tube and latch, ensuring that no material is caught in the tube/cap interface.

Disposal Instructions

- Dispose of the CELLVAULT18 and any associated batteries in accordance with local regulations regarding electronic waste.
- Do not dispose of batteries in household waste. Instead, take them to designated recycling facilities.
- Follow any specific disposal instructions provided by local authorities for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the CELLVAULT18, please consult the EU contact point associated with this product. Stay informed about safety updates and ensure that you are using the product correctly.

Thank you for your attention to these safety instructions. Your safety and the performance of your CELLVAULT18 depend on proper use and care.
