

CELLVAULT 18 BATTERY STORAGE - THYRM LLC CELLVAULT 18 BATTERY STORAGE FOR 18350 AND 18650 BLACK

[Emergency & Survival Gear](#) > [Emergency Electronics](#) > [Batteries](#)

CELLVAULT-18 BATTERY STORAGE FOR 18350 AND 18650 Protect your premium 18650 and 18350 batteries while keeping them immediately accessible, with the CellVault-18. Premium batteries require protection from physical and environmental damage but need to remain accessible to keep advanced tactical lights running at full power. The CellVault-18 takes attachable battery storage to the next level with new features like side windows that help you verify gear status, a metal locking latch, and waterproof double-layer construction. FEATURES: Holds 1 18650 or 2 18350 Rechargeable Batteries Waterproof O-ring seal rated to IPX7 at 2 meters for 30+ minutes Folding metal latch for simple installation and positive attachment Silicone foam shock absorber/noise silencer Clear side windows allow for gear status checks Slim profile: less than 1 MOLLE/PALS column wide for easy integration into existing gear configurations Designed and manufactured in the USA INSTALLATION: Unlock the bottom latch and open the CellVault-18. Fold the latch flat to reduce profile. Insert the rigid strut through MOLLE/PALS Webbing. Unfold the latch to 90 degrees. Verify foam shock absorber is at the bottom of the CellVault-18 tube. Insert battery (or batteries) with the positive (+) terminal towards the foam at the bottom. Close the tube and latch, making sure no material is caught in the tube/cap interface.

CELLVAULT 18 Battery Storage Safety Instructions

Introduction

Thank you for choosing the CELLVAULT 18 Battery Storage by THYRM LLC. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read through this document carefully before using the CELLVAULT 18 to understand its features, installation, and safety precautions.

General Safety Guidelines

To ensure the safe use of the CELLVAULT 18 Battery Storage, please follow these guidelines:

- Always use the product as intended.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Store the CELLVAULT 18 in a cool, dry place away from direct sunlight and moisture.
- Do not expose the product to extreme temperatures or harsh chemicals.
- If you notice any unusual behavior or damage to your batteries, discontinue use immediately.

Specific Safety Precautions for Use

When using the CELLVAULT 18 Battery Storage, please adhere to the following safety precautions:

- **Battery Safety:**
 - Only use 18650 and 18350 rechargeable batteries that are in good condition.
 - Ensure that the positive (+) terminal of the battery is facing the foam shock absorber at the bottom of the CellVault18.
 - Do not mix different types or brands of batteries in the same storage unit.
- **Waterproof Features:**
 - The CELLVAULT 18 is rated for IPX7 waterproofing. Ensure the Oring seal is intact before exposing the product to water.
 - Avoid submerging the product beyond its specified rating.
- **Installation Safety:**
 - Follow the installation instructions carefully to ensure secure attachment to MOLLE/PALS webbing.
 - Use the folding metal latch correctly to avoid accidental release of the stored batteries.
- **Handling:**
 - Handle the product with care to avoid dropping or damaging it.
 - Do not apply excessive force when opening or closing the latch.

Instructions for Installation and Usage

To install and use the CELLVAULT 18 Battery Storage, follow these steps:

1. Unlock and Open:

- Unlock the bottom latch and open the CellVault18.

2. Prepare for Installation:

- Fold the latch flat to reduce the profile for easier attachment.

3. Attach to MOLLE/PALS Webbing:

- Insert the rigid strut through the MOLLE/PALS webbing.
- Unfold the latch to a 90degree angle to secure it in place.

4. Insert Batteries:

- Verify that the foam shock absorber is at the bottom of the CellVault18 tube.
- Insert the battery (or batteries) with the positive (+) terminal facing the foam.

5. Close and Secure:

- Close the tube and latch, ensuring no material is caught in the tube/cap interface.

6. Final Check:

- Ensure that the latch is securely fastened before use.

Disposal Instructions

When it comes time to dispose of the CELLVAULT 18 Battery Storage, please follow these guidelines:

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not throw the product in regular household trash.
- Ensure that all batteries are removed before disposal.
- Recycle batteries according to local battery recycling programs.

Contact Information for Further Support

For any safety inquiries or additional support regarding the CELLVAULT 18, please reach out to your local distributor or the manufacturer's customer service. Ensure you have the product information available for reference.

By following these safety instructions, you can ensure that your CELLVAULT 18 Battery Storage is used effectively and safely. Thank you for your attention to these important guidelines.
