

GRIP MODULE W/1913 RAIL FOR SIG SAUER P365 X-MACRO® - GRIP MODULE FOR SIG SAUER P365 X-MACRO OD GREEN

TYRANT CNC® GRIP MODULE W/1913 RAIL FOR SIG SAUER P365 X-MACRO®

The Evolution of the P365 Platform — Perfected by Tyrant CNC Sig Sauer's P365 series changed the game when it launched. It wasn't just another micro-compact—it was the first pistol to offer serious capacity in a truly concealable footprint. But with each iteration, Sig continued to refine the concept, pushing boundaries in modularity, shootability, and performance. Enter the P365 X Macro—the most capable version to date. And now, Tyrant CNC have taken that platform even further with the Tyrant CNC P365 X Macro Grip Module. Built from Tyrant CNC's ultra-rugged and premium carbon and glass-filled polymer composite, this full-length grip module improves on the factory frame with better ergonomics, enlarged dovetail, high grip undercut, and customized variable depth texturing—giving you the control and compatibility that serious shooters demand. What Makes the X Macro the Best P365 Yet? Unlike the original P365 or even the P365 XL, the X Macro offers something the others don't: a full 17-round capacity in a flush-fit magazine—without bloating the gun's profile. That's full size Glock G19-level firepower in a slimmer, more concealable package. Sig achieved this with a redesigned frame and magazine system that increased capacity without drastically increasing the grip size. This not only improves shootability and control, it also eliminates the need for awkward magazine extensions or grip sleeves that plagued earlier variants. And with the X Macro's 3.7" dust cover, you get full accessory compatibility—ideal for tactical applications, home defense, or any scenario where a mounted light is essential. FEATURES Full-Length 1913 Picatinny Rail: Unlike the short proprietary rails on earlier P365 models, this grip features a full 3.7" dust cover with a true mil-spec Picatinny rail. That means no adapters, no limitations—mount full-size lights and lasers without compromise. Enlarged Dovetail: Tyrant CNC took a feature seen mostly and only on full size firearms and added it to their grip module. Their dovetail gives the operator better recoil control which leads to more accurate follow up shots. Carbon + Glass-Filled Polymer Construction: Stronger than traditional polymer, lighter than aluminum, all while feeling premium. This proprietary blend offers serious rigidity, heat resistance, and impact durability—ideal for hard-use environments. Improved Ergonomics: Featuring reduced trigger reach, high grip undercut and an aggressive grip texture, this grip enhances comfort and control under rapid fire or stress shooting conditions. Flared Magwell: Speed up your reloads with a subtly integrated magwell that guides your mags into place with less fumbling and more consistency. True full-size X Macro grip module – not a hybrid or shortened variant Accepts Sig 17-round X Macro magazines (flush fit) Full-length 3.7" dust cover with 1913 Picatinny rail Made from carbon and glass-filled polymer composite Flared magwell for faster reloads Reduced trigger reach for better control Drop-in compatibility with Sig FCUs and P365 X Macro slides Supports lights like TLR-1 HL, SureFire X300, Inforce Wild2 Not California compliant – for use with standard capacity mags only SPECS Material: Carbon + glass-filled polymer Length: Full X Macro spec (3.7" dust cover) Magazine Compatibility: 17-round X Macro (standard) Weight: Lightweight, reinforced polymer Installation: Drop-in; no modifications required

Attributes

- Name: GRIP MODULE FOR SIG SAUER P365 X-MACRO OD GREEN
- Manufacturer: TYRANT CNC
- Product no.: 430114111
- Mfr. No.: TD-P365GRM-MACRO-OD
- Color: O.D. Green
- Make: Sig Sauer
- Material: Polymer
- Model: P365 XMARCO
- Style: Textured
- Surface: Textured
- Delivery weight: 0.023kg
- Shipping height: 203mm
- Shipping width: 13mm
- Shipping length: 102mm
- UPC: 764046030932

Item details

Made in USA

US export classification: 0A501.y.1

Safety Instruction Guide for GRIP MODULE W/1913 RAIL FOR SIG SAUER P365 XMACRO

Introduction

Thank you for choosing the GRIP MODULE W/1913 RAIL FOR SIG SAUER P365 XMACRO. This guide provides essential safety instructions and information to ensure the proper use and maintenance of your product. Please read this guide carefully before using the grip module to ensure your safety and the safety of others.

General Safety Guidelines

- **Product Safety:** Always ensure safe use of the grip module. Follow all instructions and guidelines provided in this manual.
- **Enhanced Recalls:** Stay informed about product recalls. If you receive a recall notice, follow the instructions for returning or remedying the product.
- **Online Shopping:** When purchasing online, ensure the seller complies with safety regulations. Verify product authenticity and safety certifications.
- **Special Consumer Focus:** Extra caution is advised when using this product around vulnerable groups, such as children. Keep the grip module out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for your region.
- **Rapid Alerts:** Stay updated on product safety alerts via the EU Safety Gate system. Regularly check for any updates regarding your product.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by individuals aged 18 and older. Ensure that minors do not handle or use the grip module.
- **Proper Handling:** Always handle the grip module with care. Avoid dropping or striking it against hard surfaces.
- **Inspection:** Before each use, inspect the grip module for any signs of damage or wear. Do not use if damaged.
- **Compatibility:** Ensure that the grip module is compatible with your SIG SAUER P365 XMACRO. Using incompatible components may result in malfunctions.
- **Use in Safe Environments:** Use the grip module in environments where it is safe to do so. Avoid using it in areas with high moisture or extreme temperatures.
- **Training:** Familiarize yourself with the operation and handling of your firearm, including the grip module. Seek professional training if necessary.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure your firearm is unloaded and pointed in a safe direction.
2. **Remove Old Grip:** If applicable, carefully remove the existing grip module from your SIG SAUER P365 XMACRO.
3. **Align New Grip:** Align the Tyrant CNC grip module with the firearm's frame.
4. **Secure Grip:** Follow the manufacturer's instructions to securely attach the grip module. Ensure it is fitted properly without any gaps.
5. **Check Functionality:** After installation, check the functionality of the grip module by performing a basic function check of the firearm.

Usage

- **Grip Control:** Utilize the enhanced ergonomics of the grip module for improved control during shooting.
- **Accessory Compatibility:** The fulllength 1913 Picatinny rail allows for the attachment of lights and lasers. Ensure accessories are securely mounted before use.
- **Routine Maintenance:** Regularly clean and maintain the grip module to ensure optimal performance. Follow manufacturer guidelines for cleaning materials and methods.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the grip module in accordance with local regulations regarding polymer and composite materials.
- **Recycling:** If possible, recycle the grip module through appropriate recycling programs.
- **Hazardous Waste:** Do not dispose of the grip module in regular household waste if it is deemed hazardous. Contact local waste management for guidance.

Contact Information for Further Support

For any inquiries or support regarding the GRIP MODULE W/1913 RAIL FOR SIG SAUER P365 XMACRO, please refer to the manufacturer's official website or customer service channels.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your grip module. Thank you for your attention to safety and proper usage.
