

# BUSHING FULL LENGTH DIES - L.E. WILSON 6MM GT BUSHING FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

# Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 6MM GT BUSHING FULL LENGTH SIZING DIE

## Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 6MM GT BUSHING FULL LENGTH SIZING DIE. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide thoroughly before using the die.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Store the die in a safe place, out of reach of children and pets.
- Be aware of your surroundings and ensure that no unauthorized individuals are near your workspace during use.
- Regularly inspect the die for any signs of wear or damage before use.

## Specific Safety Precautions for Use

- **Hazard Identification:** The die is designed for sizing cases and may involve sharp edges. Handle with care to avoid cuts.
- **Neck Tension Adjustment:** Ensure that you adjust the neck tension according to your specific needs. Incorrect tension may lead to unsafe ammunition.
- **Decapping Rod:** Always ensure that the adjustable depth decapping rod is securely in place before use.
- **No Expander:** The die does not contain an expander. Be cautious when using it to avoid damaging the case neck.
- **Interchangeable Bushings:** Use only L.E. Wilson or compatible bushings to ensure proper fit and function.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the die in a standard 7/8ths reloading press.
- Ensure that the die is tightened properly to prevent movement during operation.

### 2. Usage:

- Insert the case into the die.
- Adjust the decapping rod to the desired depth for decapping.
- Pull the handle of the reloading press to size the case.
- Check the neck tension after sizing to ensure it meets your specifications.
- Remove the case from the die and inspect it for any defects.

## Disposal Instructions

- Dispose of any damaged or unusable dies in accordance with local regulations.
- Recycle materials whenever possible. Check with local recycling facilities for guidelines on metal disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the BUSHING FULL LENGTH DIES L.E. WILSON 6MM GT BUSHING FULL LENGTH SIZING DIE, please refer to the manufacturer's official website or customer service for assistance.

By following these guidelines, you can ensure a safe and effective reloading experience. Always prioritize safety and adhere to the instructions provided in this guide. Thank you for your attention to these important safety measures.
