

# BUSHING FULL LENGTH DIES - L.E. WILSON 7MM PRC BUSHING FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

# **Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 7MM PRC BUSHING FULL LENGTH SIZING DIE**

## **Introduction**

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 7MM PRC BUSHING FULL LENGTH SIZING DIE. This guide provides essential safety information and usage instructions to ensure safe operation and compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Ensure safe use of the die by following all instructions carefully.
- Always inspect the die for damage before use. Do not use if damaged.
- Keep the die away from children and vulnerable individuals.
- Use the die only for its intended purpose as described in this manual.
- Store the die in a dry and secure location when not in use.
- Report any unsafe product experiences to the relevant authorities.

## **Specific Safety Precautions for Use**

- Always wear appropriate safety gear, including safety glasses, when using the die.
- Ensure your workspace is clean and free from obstructions.
- Use the die in a wellventilated area to avoid inhalation of any dust or debris.
- Do not exceed the recommended specifications for the die.
- Be cautious of sharp edges and moving parts during operation.
- Handle all components with care to avoid injury.

## **Instructions for Installation and Usage**

### **1. Installation**

- Ensure the reloading press is securely mounted and stable.
- Attach the bushing full length sizing die to the press using the provided lock nut.
- Adjust the depth of the decapping rod to the desired position.

### **2. Usage**

- Insert the case into the die and ensure it is seated correctly.
- Operate the reloading press smoothly to size the case neck and body.
- After sizing, remove the case and inspect it for proper sizing.
- Store the die properly after use, ensuring it is clean and free from debris.

## **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local authorities for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the EUbased contact provided with your product packaging.

This guide is designed to ensure your safety and the effective use of the BUSHING FULL LENGTH DIES L.E. WILSON 7MM PRC BUSHING FULL LENGTH SIZING DIE. Please follow these instructions carefully to achieve the best results and maintain a safe working environment.
