Safety Instruction Guide for L.E. Wilson Micrometer Top Bullet Seater Die

Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure that the die is used only for its intended purpose as specified in this guide.
- Always use the die in a wellventilated area to avoid inhalation of any dust or particles.
- Keep the die out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage. If any issues are found, discontinue use immediately.
- Use personal protective equipment (PPE) such as safety glasses and gloves while handling materials and the die.
- Be aware of your surroundings and ensure that your workspace is clean and organized to prevent accidents.

Specific Safety Precautions for Use

- Always read and understand the reloading manual for your specific cartridge before using the die.
- Ensure that the Arbor Press is compatible with the die before use.
- Do not exceed the recommended bulletseating depth as specified in your reloading manual.
- Handle all components, including bullets and casings, with care to avoid injury.
- Avoid using the die if you are under the influence of drugs or alcohol.
- Use caution when transporting the die to the range; ensure it is secured to prevent damage or injury.

Instructions for Installation and Usage

1. Installation

- Ensure that the Arbor Press is securely mounted and stable.
- Remove the die from its packaging and inspect it for any signs of damage.
- Screw the die into the Arbor Press according to the manufacturer's instructions.
- Adjust the micrometer top to the desired bulletseating depth using the scale in 0.001" increments.

2. Usage

- Prepare your bullets and casings according to your reloading manual.
- Place the casing in the Arbor Press and ensure it is held securely.
- Insert the bullet into the casing, aligning it properly.
- Slowly press the Arbor Press handle to seat the bullet to the desired depth.
- After use, clean the die to remove any debris or residue.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Recycle packaging materials whenever possible.
- If the die is no longer usable, dispose of it as per electronic waste guidelines or local disposal regulations.

Contact Information for Further Support

For any questions or concerns regarding the L.E. Wilson Micrometer Top Bullet Seater Die, please refer to the manufacturer's website or customer service hotline for assistance. Ensure all inquiries are directed to the appropriate EUbased contact as required by the EU General Product Safety Regulation.

By following these safety instructions, you can ensure a safe and effective reloading experience with your L.E. Wilson Micrometer Top Bullet Seater Die. Thank you for your attention to safety and for choosing our product.
