

TAKE DOWN LEVER FOR SIG SAUER® P320 - TYRANT CNC TAKE DOWN LEVER FOR SIG SAUER P320 BLACK

TYRANT CNC TAKE DOWN LEVER FOR SIG SAUER® P320 Looking for a high-quality Sig Sauer P320 takedown lever? Look no further than the direct, drop in replacement Tyrant CNC P320 takedown lever! Crafted from solid steel and expertly CNC machined for precise fit and function, their P320 takedown lever is the perfect upgrade for your Sig Sauer P320. Tyrant CNC's takedown lever for the P320 is heat-treated for maximum durability and strength, ensuring it will stand up to even the most rigorous use. In addition to its outstanding performance, their P320 takedown lever also features a sleek bead-blasted finish that looks great and provides a non-slip grip. And to top it all off, Tyrant CNC added a PVD finish that resists wear and tear, ensuring your takedown lever will look and perform great for years to come. At Tyrant CNC, they understand that small details can make a big difference when it comes to firearm performance. That's why they designed their P320 takedown lever to be slightly oversized compared to the OEM lever. By increasing the size of the takedown lever, Tyrant CNC made it easier to manipulate, even with gloves or in high-stress situations. This can save you valuable time when disassembling your firearm, and can also make it easier to perform maintenance and cleaning tasks. But that's not all - Tyrant CNC's oversized takedown lever also doubles as a thumb support, which can help maintain accuracy in all conditions. By providing a larger surface area for your thumb to rest against, their takedown lever can help reduce muzzle movement and improve your grip on the firearm. This can be particularly useful in high-stress situations or when shooting with sweaty or wet hands. So if you're looking for a P320 takedown lever that combines superior functionality with thoughtful design, look no further than the Tyrant CNC P320 takedown lever. Trust us to help you get the most out of your Sig Sauer P320!

Safety Instruction Guide for Tyrant CNC Takedown Lever for Sig Sauer P320

Introduction

Thank you for choosing the Tyrant CNC Takedown Lever for your Sig Sauer P320. This guide provides essential safety instructions and information to ensure the safe and effective use of the product. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the takedown lever is compatible with your specific model of Sig Sauer P320.
- Always handle firearms with care and follow standard firearm safety practices.
- Inspect the takedown lever for any visible damage before installation.
- Keep the takedown lever and all firearm components out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Use the takedown lever only for its intended purpose as a firearm component.
- Always wear appropriate eye protection when handling firearms.
- Ensure the firearm is unloaded before attempting to install or modify any components.
- Avoid using excessive force when manipulating the takedown lever to prevent damage.
- Do not modify or alter the takedown lever in any way that could compromise its integrity or safety.
- Be mindful of your surroundings when using the firearm to avoid accidents.

Instructions for Installation and Usage

1. Preparation

- Ensure your Sig Sauer P320 is unloaded and pointed in a safe direction.
- Gather necessary tools, if required, for installation.

2. Installation

- Remove the existing takedown lever from your firearm by following the manufacturer's instructions.
- Align the Tyrant CNC takedown lever with the designated slot on the firearm.
- Gently push the lever into place until it is securely fitted.
- Verify that the takedown lever operates smoothly without obstruction.

3. Usage

- To disassemble your firearm, engage the takedown lever as per the manufacturer's instructions.
- Ensure that your grip on the firearm is secure while using the takedown lever.
- Utilize the oversized design of the lever for better manipulation, especially in highstress situations.

Disposal Instructions

- Dispose of the takedown lever responsibly according to local regulations.
- If the takedown lever is damaged or no longer usable, do not throw it in regular waste. Instead, check with local waste management for proper disposal methods.

Contact Information for Further Support
