

MODULAR HOLSTER ADAPTERS - TRUE NORTH CONCEPTS

MODULAR HOLSTER ADAPTER MULTICAM

[Shooting Accessories](#) > [Holsters & Belt Gear](#) > [Holster Accessories](#)

The Modular Holster Adapter was specifically designed to eliminate the unwanted movement, flex and sliding common to factory polymer belt adapters. The Modular Holster Adapter is made from rugged, non-ferrous DFARS grade 6061-T6 aluminum and is Type 3 MIL-SPEC hard coat anodized. It supports the popular "Mid-ride" mode of carry to lower the pistol below the shooters belt line, allowing their holster system to clear body armor and pouches. This adapter fits all "three hole" pattern Safariland™ type holsters, and other brands of holster that use this proven method of attachment. It also supports the use of many commonly used quick detach holster systems such as the QLS, MLS, ELS, and others. Holsters mounted to the Modular Holster Adapter will accommodate 10° of forward cant and 10° of negative cant for a total range of 20° degrees. The adapter holds three height mounting points, set 1/2" apart, descending from the top mid-ride mounting point. Rigidity is key: The adapter includes belt mounting bars which are sized and spaced for use on MOLLE type battle belts, by threading each bar through the belts PALS webbing. This application works extremely well on narrow, minimalist type battle belts such as those from Ronin or Tyr Tactical. Alternatively, these mounting bars can also be directly bolted to any standard gun belt up to 2 1/4" wide. When properly installed on your gun belt, the adapter will not move. All unwanted movement, slipping and sliding has been removed from your system. The Modular Holster Adapter includes top mounting points for using a wide array of popular quick release belt mounts such as the Tek-Lok™ and polymer MOLLE type hardware. Each Modular Holster Adapter comes with a complete hardware kit of various sized screws, posts, spacers and threadlocker for mounting. The adapter is available in Black and Dark Earth anodized finishes.

Modular Holster Adapter Safety Instruction Guide

Introduction

Thank you for choosing the Modular Holster Adapter from True North Concepts. This guide provides essential safety instructions and usage guidelines to ensure your product is used safely and effectively. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** The Modular Holster Adapter is designed for safe use with holster systems. It is essential to follow all instructions to avoid any risks associated with improper use.
- **Enhanced Recalls:** In the unlikely event of a product recall, standardized notices will be provided. Please stay informed about any updates regarding product safety.
- **Online Shopping:** If you purchased this product online, you have the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** Extra precautions should be taken when this product is used by or around vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for this product.
- **Rapid Alerts:** Stay updated on product safety by checking the EU's Safety Gate platform for alerts regarding any unsafe products.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that all components are securely fastened before use. Loose parts can lead to accidents.
- **Weight Limit:** Do not exceed the recommended weight limit for holsters attached to the Modular Holster Adapter.
- **Regular Inspections:** Frequently check the adapter for signs of wear or damage. Replace any damaged components immediately.
- **Proper Fit:** Ensure that the adapter is compatible with your holster and belt system to prevent slippage or detachment during use.
- **Avoid Extreme Conditions:** Do not expose the adapter to extreme temperatures or corrosive environments that could compromise its integrity.

Instructions for Installation and Usage

1. **Gather Tools and Components:** Ensure you have all necessary tools and components, including the hardware kit provided with your Modular Holster Adapter.
2. **Select Mounting Location:**
 - Choose a suitable location on your MOLLE type battle belt or standard gun belt.
 - Ensure the area is free from obstructions and allows for a comfortable draw.
3. **Install the Adapter:**
 - Use the provided screws and posts to attach the adapter to the selected mounting location.
 - Ensure all screws are tightened securely to prevent movement.
4. **Adjust Height and Cant:**
 - The adapter allows for three height mounting points, set 1/2" apart. Adjust the height as needed.
 - The adapter accommodates 10° of forward cant and 10° of negative cant. Adjust these angles according to your preference.
5. **Attach Holster:**
 - Secure your holster to the Modular Holster Adapter using the threehole pattern.
 - Ensure the holster is firmly attached and does not move when pulled.
6. **Test the Setup:**

- Before use, test the holster system to ensure it is secure and functions as intended.
- Make any necessary adjustments to improve comfort and accessibility.

Disposal Instructions

- **Environmental Compliance:** Dispose of the Modular Holster Adapter and any packaging materials in accordance with local environmental regulations.
- **Recycling:** If possible, recycle materials such as aluminum and plastic to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Modular Holster Adapter, please refer to the designated contact points provided with your product packaging. Ensure that you keep your purchase receipt and any relevant documentation for future reference.

Thank you for your attention to these safety guidelines. Enjoy using your Modular Holster Adapter responsibly and safely!
