

6MM ARC BRASS - ALPHA MUNITIONS 6MM ARC SMALL RIFLE PRIMER BRASS 100/BOX

ALPHA MUNITIONS 6MM ARC BRASS The 6mm ARC (Advanced Rifle Cartridge) is a 6mm (.243) caliber rifle cartridge known for its high accuracy, low recoil, and long-range performance, designed to fit within an AR-15 platform. It offers superior ballistics to 5.56 NATO, with enough power for hunting and match shooting out to 1,000 yards or more, while maintaining a low recoil similar to 5.56. The Alpha 6 ARC brass uses Small Rifle primers and ships in 100 count custom Alpha Munitions plastic cases with perforated bi-layer foam for protection of cases during shipping and can be used for loaded ammunition. Each 6 ARC case produced by Alpha Munitions also incorporates the company's OCD with optimized case head technology, which is designed to lengthen primer pocket life, as well as the life of the case overall, even at higher than normal pressures and velocities.

Safety Instruction Guide for 6MM ARC Brass by Alpha Munitions

Introduction

Thank you for choosing the 6MM ARC Brass by Alpha Munitions. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. It is crucial to understand and follow these guidelines to minimize risks and ensure a safe experience.

General Safety Guidelines

- Ensure that all users are familiar with the safe handling of ammunition and firearms.
- Store brass in a cool, dry place away from direct sunlight and moisture.
- Always keep brass and ammunition out of reach of children and unauthorized individuals.
- Inspect brass for any signs of damage or wear before use.
- Follow all local regulations and laws regarding the use and storage of ammunition.

Specific Safety Precautions for Use

- Only use the 6MM ARC Brass with compatible firearms designed for this caliber.
- Do not exceed recommended load limits when reloading ammunition.
- Always wear appropriate eye and ear protection when handling or shooting firearms.
- Avoid using brass that has been damaged, corroded, or shows signs of excessive wear.
- Be aware of your surroundings and ensure a safe shooting environment.
- In case of a misfire, wait at least 30 seconds before attempting to unload or clear the firearm.

Instructions for Installation and Usage

- Before using the brass, ensure that you have the necessary tools and equipment for reloading.
- Clean the brass thoroughly before use to remove any debris or contaminants.
- Inspect the primer pocket and ensure it is free of obstructions.
- Load the brass according to the manufacturer's specifications and guidelines.
- After loading, doublecheck that all rounds are properly seated and secure.
- When ready to shoot, ensure the firearm is pointed in a safe direction and follow all standard operating procedures for firearm safety.

Disposal Instructions

- Dispose of used brass in accordance with local regulations.
- Do not discard brass in regular household waste.
- Check with local recycling centers for proper disposal or recycling options for spent brass.

Contact Information for Further Support

For any safety inquiries or concerns regarding the 6MM ARC Brass, please reach out to your local retailer or manufacturer. Ensure you have the product information readily available for assistance.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on your adherence to these instructions. Always prioritize safety when handling firearms and ammunition.
