

20 GA BREECH STRIPPED BOLT FOR REMINGTON 11-87 NICKEL PLATED - REMINGTON 20 GA BREECH STRIPPED BOLT FOR REM 11-87 NICKEL PLATED

REMINGTON 20 GA BREECH STRIPPED BOLT FOR REM 11-87 NICKEL PLATED

Restore smooth, dependable cycling in your Remington 11-87 with this 20-Gauge Breech Stripped Bolt, engineered to factory geometry and finished in a durable nickel-plated coating. Built specifically for 20-gauge 11-87 models, this stripped bolt provides the solid lockup, reliable extraction, and consistent shell handling essential to the shotgun's gas-operated system. The nickel plating enhances corrosion resistance, reduces friction, and promotes cleaner operation—ideal for high-volume shooting, harsh weather, or long-term reliability. Ready to accept your existing internal components, this breech bolt is the perfect replacement for worn or damaged parts or a key upgrade in a full action rebuild, ensuring your 11-87 performs with the smoothness and confidence Remington shotguns are known for. NOTE: These items are a new, authentic products acquired directly from Remington's OEM inventory. This item is guaranteed to be unused and fully functional.

Safety Instruction Guide for 20 GA Breech Stripped Bolt for Remington 1187 Nickel Plated

Introduction

Thank you for choosing the 20 GA Breech Stripped Bolt for your Remington 1187 shotgun. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Ensure that all safety precautions are observed when handling and operating your shotgun.
- Always treat every firearm as if it is loaded, even if you believe it to be unloaded.
- Store the shotgun and its components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your shotgun and its components for wear and damage.
- Follow all manufacturer instructions and guidelines for your shotgun model.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only the recommended ammunition for your Remington 1187 shotgun.
- Ensure that the shotgun is completely unloaded before performing any maintenance or installation of components.
- Wear appropriate eye and ear protection when using the shotgun.
- Never modify the shotgun or its components in ways not approved by the manufacturer.
- Do not attempt to use this breech bolt if it shows signs of damage or wear.
- Follow all local laws and regulations regarding firearm ownership and usage.

Instructions for Installation and Usage

1. Preparation

- Ensure the shotgun is unloaded and in a safe area.
- Gather necessary tools for installation (if applicable).

2. Installation Steps

- Remove the existing breech bolt from the shotgun according to the manufacturer's instructions.
- Inspect the internal components of the shotgun for any debris or damage.
- Carefully insert the new 20 GA Breech Stripped Bolt into the shotgun, ensuring it is aligned correctly with the internal mechanism.
- Secure the breech bolt in place as per the manufacturer's specifications.

3. Usage Instructions

- After installation, perform a function check to ensure the breech bolt operates smoothly.
- Load the shotgun with the appropriate ammunition and ensure it is ready for use.
- Always follow safe handling practices when operating the shotgun.

Disposal Instructions

- Dispose of any old or damaged components in accordance with local regulations.
- Do not dispose of firearms or components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For further assistance or inquiries regarding safety or functionality, please reach out to the appropriate support channels. Ensure you have your product details ready for a more efficient response.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your 20 GA Breech Stripped Bolt for Remington 1187. Thank you for prioritizing safety and responsible usage.
