

20 GA BREECH STRIPPED BOLT FOR REM 11-87 CHROME PLATED - REMINGTON 20 GA BREECH STRIPPED BOLT FOR REM 11-87 CHROME PLATED

REMINGTON 20 GA BREECH STRIPPED BOLT FOR REM 11-87 CHROME PLATED

Restore smooth, dependable cycling in your Remington 11-87 with this 20-Gauge Breech Stripped Bolt, engineered to factory geometry and finished in a durable nickel-plated coating. Built specifically for 20-gauge 11-87 models, this stripped bolt provides the solid lockup, reliable extraction, and consistent shell handling essential to the shotgun's gas-operated system. The nickel plating enhances corrosion resistance, reduces friction, and promotes cleaner operation—ideal for high-volume shooting, harsh weather, or long-term reliability. Ready to accept your existing internal components, this breech bolt is the perfect replacement for worn or damaged parts or a key upgrade in a full action rebuild, ensuring your 11-87 performs with the smoothness and confidence Remington shotguns are known for. Gunsmith Installation required. NOTE: These items are new, authentic products acquired directly from Remington's OEM inventory. This item is guaranteed to be unused and fully functional.

Safety Instruction Guide for 20 GA Breech Stripped Bolt for Rem 1187

Introduction

Thank you for choosing the 20 GA Breech Stripped Bolt for your Remington 1187 shotgun. This guide provides essential safety instructions and information to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that all users are familiar with the operation of firearms and follow all safety protocols.
- Always treat firearms as if they are loaded, even if you believe they are not.
- Store firearms and ammunition securely, out of reach of children and unauthorized users.
- Regularly inspect your firearm and its components for wear and damage.
- Do not use this product if it appears damaged or does not operate correctly.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- This product is intended for use only with Remington 1187 shotguns. Do not attempt to use it with any other firearm models.
- Gunsmith installation is required for this product. Improper installation may result in malfunction or injury.
- Wear appropriate safety gear, including eye protection, when handling firearms and their components.
- Ensure that the shotgun is unloaded before performing any installation or maintenance.
- Keep hands and face clear of the action when cycling the bolt or operating the firearm.
- Be aware of your surroundings and ensure that you are in a safe environment when using the shotgun.

Instructions for Installation and Usage

1. Preparation:

- Ensure the shotgun is completely unloaded.
- Gather the necessary tools and equipment for installation.

2. Installation:

- Remove the existing bolt assembly from your Remington 1187 shotgun according to the manufacturer's guidelines.
- Carefully install the 20 GA Breech Stripped Bolt, ensuring that it is aligned correctly with the internal components.
- Reinstall any necessary internal components that were removed during the process.
- Doublecheck that all parts are securely in place before reassembling the shotgun.

3. PostInstallation:

- Conduct a function check to ensure that the bolt operates smoothly and reliably.
- If you encounter any issues during installation or operation, consult a qualified gunsmith.

4. Usage:

- Follow all standard operating procedures for your Remington 1187 shotgun.

- Regularly clean and maintain the shotgun and its components to ensure optimal performance.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of firearms or firearm components in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the 20 GA Breech Stripped Bolt, please reach out to your local Remington dealer or authorized service center for assistance.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on your responsible handling and use of firearms.
