## Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The next-generation PMAG AR/M4 GEN M3 is a 30-round polymer magazine for AR15/M4 compatible weapons chambered in 5.56x45 NATO / .223 Remington. Along with expanded feature set and compatibility, the GEN M3 incorporates new material technology and manufacturing processes for enhanced strength, durability, and reliability that exceed rigorous military performance specifications. While the GEN M3 is optimized for Colt-spec AR15/M4 platforms, modified internal and external geometry also permits operation with a range of additional weapons, such as the HK® 416/MR556A1/M27 IAR, British SA-80, FN® SCAR™ MK 16/16S, and others. Similar to the MOE® PMAG, the GEN M3 features a long-life USGI-spec stainless steel spring for commonality, a four-way anti-tilt follower, constant-curve internal geometry for reliable feeding, and simple tool-less disassembly for easy cleaning. The PMAG GEN M3 also includes a redesigned bolt catch notch in the rear of the magazine that provides increased bolt catch clearance, while an over-travel stop on the spine helps ensure the magazine will not over-insert on compatible weapons. Low profile ribs and new, aggressive front and rear texture give positive control of the GEN M3 in all environments, and a paint pen dot matrix has been added to the bottom panel of the body to allow easy marking for identification. The new, easy to disassemble flared floorplate aids extraction and handling of the magazine while providing improved drop protection, but is slightly slimmer than before for better compatibility with tight double and triple magazine pouches. FEATURES 30 or 40-round reliability with no stoppages Easy Identification - Use the paint pen dot matrix to easily identify your different loads when it's crunch time Advanced follower- The anti-tilt, self-lubricating follower ensures a smooth feed and magazine reliability Slimline floorplate - Improved flared floorplate aids magazine handling and disassembly and is slim enough for use with many double and triple pouches Next-generation impact and crush-resistant polymer construction that includes constant-curve internal geometry for smooth feeding Modified dimensions allow for wider compatibility with non Colt-spec 'STANAG 4179' platforms Constant-curve internal geometry, over-travel insertion stop on the spine, and a long-life stainless steel spring ensure smooth feeding Made in the USA. SPECS Caliber: 5.56x45mm / .223 Remington Platform: AR15, M4, M16, SA-80 Capacity: 30 or 40 Rounds depending on magazine Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others

# PMAG® AR/M4 GEN M3 Safety Instruction Guide

## Introduction

Thank you for choosing the PMAG® AR/M4 GEN M3 5.56x45 NATO Rifle Magazine. This guide provides important safety instructions and guidelines to ensure safe and effective use of your magazine. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the magazine is compatible with your firearm before use.
- Always handle firearms and magazines with care, treating them as if they are loaded at all times.
- Store magazines in a cool, dry place away from direct sunlight and moisture.
- Regularly inspect your magazine for signs of wear or damage. Do not use damaged magazines.
- Keep magazines out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a safe environment when handling firearms.

## Specific Safety Precautions for Use

- **Compatibility:** Only use the PMAG® AR/M4 GEN M3 with firearms that are compatible with AR15/M4 specifications.
- **Loading:** Follow the manufacturer's instructions for loading the magazine. Avoid overloading beyond the specified capacity (30 or 40 rounds).
- **Cleaning:** Ensure the magazine is clean and free of debris before use. Use a soft cloth or brush for cleaning.
- **Disassembly:** Use the toolless disassembly feature to safely clean and maintain the magazine. Follow the instructions provided in the installation section.
- **Transport:** When transporting the magazine, ensure it is unloaded and secured in a suitable carrying case.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Hold the magazine with the feed lips facing upwards.
- Insert the rounds one at a time into the magazine, ensuring that they are oriented correctly.
- Do not exceed the maximum capacity of the magazine.

### 2. Inserting the Magazine into the Firearm:

- Ensure the firearm is pointed in a safe direction and is on safe mode.
- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly into the well until it clicks into place.

### 3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction and is on safe mode.
- Press the magazine release button on the firearm.
- Pull the magazine out of the magazine well.

### 4. Cleaning and Maintenance:

- Disassemble the magazine using the toolless feature.
- Clean all components with a soft cloth or brush.

- Reassemble the magazine securely before use.

## **Disposal Instructions**

- Dispose of the magazine in accordance with local regulations regarding plastic waste.
- Do not incinerate or expose the magazine to extreme heat, as this may cause harmful emissions.

## **Contact Information for Further Support**

For any safety inquiries or concerns, please contact the manufacturer or consult the product packaging for additional support resources.

**Important Note:** This guide is intended to provide essential safety information. Always refer to your firearm's manual for specific safety instructions related to your firearm.
