## Super-Durable & Ultra-Dependable PMAG Refined & Battle-Hardened By Combat Experience

The next-generation PMAG AR/M4 GEN M3 is a 30-round polymer magazine for AR15/M4 compatible weapons chambered in 5.56x45 NATO / .223 Remington. Along with expanded feature set and compatibility, the GEN M3 incorporates new material technology and manufacturing processes for enhanced strength, durability, and reliability that exceed rigorous military performance specifications. While the GEN M3 is optimized for Colt-spec AR15/M4 platforms, modified internal and external geometry also permits operation with a range of additional weapons, such as the HK® 416/MR556A1/M27 IAR, British SA-80, FN® SCAR™ MK 16/16S, and others. Similar to the MOE® PMAG, the GEN M3 features a long-life USGI-spec stainless steel spring for commonality, a four-way anti-tilt follower, constant-curve internal geometry for reliable feeding, and simple tool-less disassembly for easy cleaning. The PMAG GEN M3 also includes a redesigned bolt catch notch in the rear of the magazine that provides increased bolt catch clearance, while an over-travel stop on the spine helps ensure the magazine will not over-insert on compatible weapons. Low profile ribs and new, aggressive front and rear texture give positive control of the GEN M3 in all environments, and a paint pen dot matrix has been added to the bottom panel of the body to allow easy marking for identification. The new, easy to disassemble flared floorplate aids extraction and handling of the magazine while providing improved drop protection, but is slightly slimmer than before for better compatibility with tight double and triple magazine pouches. FEATURES 30 or 40-round reliability with no stoppages Easy Identification - Use the paint pen dot matrix to easily identify your different loads when it's crunch time Advanced follower- The anti-tilt, self-lubricating follower ensures a smooth feed and magazine reliability Slimline floorplate - Improved flared floorplate aids magazine handling and disassembly and is slim enough for use with many double and triple pouches Next-generation impact and crush-resistant polymer construction that includes constant-curve internal geometry for smooth feeding Modified dimensions allow for wider compatibility with non Colt-spec 'STANAG 4179' platforms Constant-curve internal geometry, over-travel insertion stop on the spine, and a long-life stainless steel spring ensure smooth feeding Made in the USA. SPECS Caliber: 5.56x45mm / .223 Remington Platform: AR15, M4, M16, SA-80 Capacity: 30 or 40 Rounds depending on magazine Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15, M4, M16, SCAR MK16/16S, HK416, MR556, M27 IAR, IWI Tavor, and others

# PMAG® AR/M4 GEN M3 Safety Instruction Guide

## Introduction

Thank you for choosing the PMAG® AR/M4 GEN M3 5.56x45 NATO Rifle Magazine. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your magazine. Please read this document carefully before using the product.

## General Safety Guidelines

- Always handle the magazine with care and respect, treating it as a firearm component.
- Ensure the magazine is empty before cleaning, storing, or handling.
- Store the magazine in a safe place, out of reach of children and unauthorized users.
- Inspect the magazine regularly for signs of wear, damage, or malfunction.
- Do not use the magazine with ammunition that does not meet the specified caliber (5.56x45mm / .223 Remington).
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the magazine only in firearms that are compatible with AR15/M4 platforms.
- Avoid using the magazine in extreme temperatures or conditions that may affect its performance.
- Do not attempt to modify or disassemble the magazine beyond the manufacturer's instructions for cleaning.
- Always ensure the magazine is securely seated in the firearm before use.
- Be aware of your surroundings and ensure a safe backstop when firing.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the firearm is pointed in a safe direction and is unloaded.
- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly into the magazine well until it clicks into place.

### 2. Usage:

- Load the magazine with compatible ammunition, ensuring that rounds are seated properly.
- Insert the loaded magazine into the firearm as described above.
- Follow all firearm safety protocols while operating the firearm.

### 3. Disassembly for Cleaning:

- Ensure the magazine is empty and the firearm is unloaded.
- Press the floorplate release and slide the floorplate off the magazine body.
- Remove the follower and spring for cleaning. Clean all components with a suitable solvent.
- Reassemble the magazine by reversing the disassembly steps.

## Disposal Instructions

- Dispose of the magazine in accordance with local regulations regarding plastic waste.
- Do not incinerate or expose the magazine to extreme heat, as this may release harmful substances.
- If the magazine is damaged beyond repair, contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries or support regarding the PMAG® AR/M4 GEN M3, please refer to the manufacturer's website or customer service resources.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depend on responsible handling and use of this product.
