

# PMAG® 30 AR 300 B GEN M3"! 300BLK RIFLE MAGAZINE FOR AR-15 - MAGPUL PMAG 30 AR 300 B GEN M3, 300

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

The PMAG 30 AR 300 B GEN M3 is a purpose-designed magazine for rifles chambered in 300 Blackout® (300 BLK). Since its inception, 300 BLK shooters have had to use a magazine designed for another cartridge, limiting its ultimate performance and compatibility. One of the key features of 300 BLK is the compatibility with 5.56x45mm parts, but with the magazine, it is a compromise to do so. Due to the wide variety of projectile weights and profiles potentially decreasing overall reliability, a dedicated 300 BLK magazine was a logical step for the PMAG line. In addition to the performance gained by a dedicated mag, the PMAG 30 AR 300 B also offers a safer way to feed your 300 BLK rifle. When using 5.56x45mm mags, the potential to chamber and fire a 300 BLK round in a 5.56x45mm rifle with catastrophic results requires diligent ammunition management by the shooter. The PMAG 30 AR 300 B's distinct rib design and smoother upper-half texture provides the shooter a distinct visual and tactile difference from any other PMAG to mitigate dangerous cross-loading issues. Along with optimized 300 Blackout performance, the PMAG 30 AR 300 B incorporates all of the GEN M3 features such as Magpul's next-generation impact and crush resistant polymer, aggressive front and rear texture, an easily removable slim floor plate, and a paint pen dot matrix for marking and identification. FEATURES Purpose-built magazine only for 300 BLK Dedicated magazine for rifles chambered in 300 BLK that supports the differing geometries found in that caliber. The result is a more reliable magazine Designed with visual & tactile differences - Distinct rib design and smooth upper-half texture provide visual and tactile differentiation from other PMAGs to mitigate dangerous cross-loading issues Incorporates the same features and performance of the Gen M3 line Next-generation impact and crush-resistant polymer, aggressive front and rear texture, easily removable slim floor plate, and a paint pen dot matrix Made in the USA. SPECS Caliber: .300 AAC Blackout Platform: AR15, M4, M16 Capacity: 30 rounds Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15/M4, FN SCAR, IWI Tavor, and others NOTE: DOES NOT INCLUDE DUST COVER.

# PMAG® 30 AR 300 B GEN M3 Safety Instruction Guide

## Introduction

Thank you for choosing the PMAG® 30 AR 300 B GEN M3 magazine. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your magazine. Please read this manual carefully before use to understand the potential risks and how to avoid them.

## General Safety Guidelines

- Ensure that you are using the PMAG 30 AR 300 B GEN M3 magazine only with rifles chambered in .300 AAC Blackout (300 BLK).
- Always handle firearms and ammunition responsibly and in accordance with local laws and regulations.
- Store the magazine in a dry, cool place away from direct sunlight and extreme temperatures.
- Keep the magazine out of reach of children and unauthorized users.
- Regularly inspect the magazine for any signs of damage or wear. Do not use a damaged magazine.
- Report any unsafe products, incidents, or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Compatibility:** Use only with rifles that are compatible with the 300 BLK cartridge. Do not attempt to use the magazine with other calibers.
- **Crossloading Risks:** Be aware that using 5.56x45mm magazines with a 300 BLK rifle can lead to dangerous situations. Ensure you are using the correct magazine to prevent accidental chambering of the wrong cartridge.
- **Ammunition Management:** Exercise diligent ammunition management to prevent dangerous situations. Always verify the ammunition type before loading.
- **Inspection Before Use:** Before loading the magazine, inspect it visually and physically to ensure it is free from obstructions.
- **Loading:** Follow the manufacturer's instructions for loading the magazine. Do not exceed the stated capacity of 30 rounds.

## Instructions for Installation and Usage

### • Loading the Magazine:

1. Ensure the magazine is clean and free from debris.
2. Hold the magazine in one hand and use the other hand to load the ammunition into the magazine.
3. Start from the rear of the magazine and work your way forward, ensuring each round is seated properly.
4. Do not force rounds into the magazine, as this may cause damage.

### • Installing the Magazine in the Rifle:

1. Ensure the rifle is pointed in a safe direction and is unloaded.
2. Align the magazine with the magazine well of the rifle.
3. Push the magazine firmly into the magazine well until it clicks into place.
4. Verify that the magazine is securely in place before chambering a round.

### • Removing the Magazine:

1. Ensure the rifle is pointed in a safe direction.

2. Press the magazine release button located on the rifle.
3. Grasp the magazine and pull it straight out of the magazine well.

## **Disposal Instructions**

- Dispose of the PMAG 30 AR 300 B magazine responsibly. Do not discard it in regular household waste.
- If the magazine is damaged or no longer usable, contact your local waste management authority for proper disposal methods.
- Ensure that all ammunition is removed from the magazine before disposal.

## **Contact Information for Further Support**

For any inquiries or support related to the PMAG 30 AR 300 B GEN M3, please refer to the manufacturer's contact information provided on the packaging or the official website.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your PMAG 30 AR 300 B GEN M3 magazine. Always prioritize safety and responsible handling of firearms and ammunition. Thank you for your attention to these important safety measures.
