MK2 ACRO Aimpoint Mount Safety Instruction Guide

Introduction

Thank you for choosing the MK2 ACRO Aimpoint Mount by Midwest Industries, Inc. This guide provides important safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the mount.

General Safety Guidelines

- Ensure that the product is suitable for your specific optic and firearm combination.
- Inspect the mount and all components for damage or wear before each use.
- Use the product only for its intended purpose; do not modify or alter the mount.
- Keep the mount and all accessories out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding firearm accessories.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Always use the provided Midwest Industries Optic Mount Tool for installation to ensure proper torque settings.
 - Do not exceed the recommended torque of 35 lbs when securing the mount.
- **Handling:**
 - Handle the mount with care to avoid dropping or damaging it.
 - Avoid using excessive force during installation or adjustment.
- **Environmental Considerations:**
 - Store the mount in a cool, dry place to prevent corrosion and damage.
 - Avoid exposing the mount to extreme temperatures or moisture.
- **Optic Compatibility:**
 - Ensure that your optic is compatible with the MK2 ACRO Aimpoint Mount before installation.
 - Use opticspecific replacement scope ring caps if needed.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including the Midwest Industries Optic Mount Tool and Torx hardware.
- Ensure your firearm is unloaded and pointed in a safe direction.

2. Mounting the Optic:

- Align the mount with the appropriate mounting points on your firearm.
- Place the optic securely onto the mount.
- Use the Torx hardware to fasten the optic to the mount, ensuring that all screws are tightened evenly.

3. Securing the Mount:

- Once the optic is in place, secure the mount to the firearm using the provided Torx screws.
- Use the Midwest Industries Optic Mount Tool to achieve the recommended torque of 35 lbs.

4. Final Check:

- After installation, doublecheck all screws and mounts for tightness.
- Test the optic for proper alignment and functionality.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the mount in regular household waste.
- Consider recycling options for metal and aluminum components where available.

Contact Information for Further Support

For any questions or concerns regarding the MK2 ACRO Aimpoint Mount, please contact the manufacturer or refer to their website for additional resources.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities.
