

# WILSON CASE GAGE - L.E. WILSON 338 NORMA MAG CASE GAGE

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

L.E. WILSON CASE GAGES The most important use of a cartridge case gage is for setting up 7/8"-14 press type full length resizing dies. A common error in reloading is to oversize your brass. Headspace of fired cases can quickly and accurately be measured using this tool and a caliper. Regular Style: This one piece gage will check overall length to indicate a need for trimming and datum to head length to assure correct headspace to prevent over sizing. Adjustable Style: For belted mags. While the belt provides support for proper headspace, the life of the case will drastically shorten unless resizing is held to a minimum at the shoulder. SPECS Contents: Gage & instructions a cardboard box. OAL: 2.494" ID: Large end: .473". small end: .347" OD: .991" Color: Silver with knurling in the middle.

# WILSON CASE GAGE L.E. WILSON 338 NORMA MAG CASE GAGE Safety Instruction Guide

## Introduction

Thank you for choosing the WILSON CASE GAGE L.E. WILSON 338 NORMA MAG CASE GAGE. This guide provides essential safety instructions and usage information to ensure your safe and effective use of this product. Please read all sections carefully before using the gage.

## General Safety Guidelines

- Ensure you are familiar with the proper handling and operation of the cartridge case gage.
- Always use the gage in a welllit and safe environment.
- Keep the gage out of reach of children and vulnerable individuals.
- Inspect the gage for any damage before each use. Do not use if damaged.
- Follow all instructions and guidelines to avoid potential hazards.

## Specific Safety Precautions for Use

- **Avoid Oversizing:** When using the gage for setting up resizing dies, be cautious not to oversize your brass, as this can lead to unsafe reloading practices.
- **Headspace Measurement:** Use the gage to accurately measure the headspace of fired cases. Incorrect headspace can lead to dangerous malfunctions.
- **Adjustable Style Use:** For belted magnums, ensure that resizing is minimized at the shoulder to prolong the life of the case.
- **Proper Handling:** Handle the gage with care to avoid injury. The edges may be sharp.

## Instructions for Installation and Usage

### 1. Setting Up the Gage:

- Remove the gage from its packaging.
- Inspect the gage for any visible defects.
- Ensure the gage is clean and free from debris.

### 2. Using the Gage:

- Place the cartridge case into the gage.
- Check the overall length to determine if trimming is necessary.
- Measure the head length to confirm correct headspace.
- For adjustable styles, ensure that the resizing is minimal at the shoulder.

### 3. PostUse Care:

- Clean the gage after each use to maintain accuracy and longevity.
- Store the gage in a safe, dry place, preferably in its original packaging.

## Disposal Instructions

- Dispose of the gage responsibly at the end of its life cycle.
- Follow local regulations for the disposal of metal and plastic products.
- Do not dispose of the gage in regular household waste.

## Contact Information for Further Support

For any inquiries or concerns regarding the WILSON CASE GAGE L.E. WILSON 338 NORMA MAG CASE GAGE, please consult your retailer or the manufacturer's website for further assistance.

**Important Note:** This safety instruction guide is in compliance with the EU General Product Safety Regulation (GPSR). It is designed to help you understand the safe use of the product and to protect your health and safety. Always stay informed about product recalls and safety updates.
