

BUSHING FULL LENGTH DIES - L.E. WILSON 22 PPC FACTORY FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

Safety Instruction Guide for Bushing Full Length Dies L.E. Wilson 22 PPC Factory Full Length Sizing Die

Introduction

Thank you for choosing the Bushing Full Length Dies L.E. Wilson 22 PPC Factory Full Length Sizing Die. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the die.

General Safety Guidelines

- Ensure that the die is used only for its intended purpose: resizing rifle cases.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using reloading equipment.
- Keep the work area clean and free of clutter to prevent accidents.
- Store the die in a dry and secure location, away from children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding ammunition reloading and safety.

Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 22 PPC cartridge.
- Avoid using the die with damaged or defective cases.
- Ensure that the adjustable depth decapping rod is properly secured before use.
- Use caution when handling the decapping punch and other sharp components.
- Do not attempt to modify or alter the die in any way.
- Be aware of the potential for lead exposure; wash hands thoroughly after handling reloaded ammunition.

Instructions for Installation and Usage

1. Installation of the Die:

- Ensure that your reloading press is compatible with the die size (standard 7/8ths).
- Securely mount the die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired depth for sizing the case neck.

2. Preparing for Use:

- Inspect each case for defects and cleanliness before resizing.
- Lubricate cases if necessary to ensure smooth operation through the die.

3. Resizing Process:

- Insert the case into the die and operate the reloading press to resize the case.
- Monitor the operation closely to ensure proper alignment and function.
- After resizing, remove the case and inspect it for any signs of damage.

4. Decapping Process:

- Use the adjustable depth decapping rod to remove the spent primer from the case.
- Ensure that the decapping punch is securely in place before decapping.

5. **PostUse Care:**

- Clean the die after each use to remove any residue or debris.
- Store the die in its original packaging or a safe container to prevent damage.

Disposal Instructions

- Dispose of any defective or damaged dies according to local regulations.
- Do not dispose of reloading materials or components in regular household waste.
- Check local guidelines for the proper disposal of hazardous materials, including spent primers and cases.

Contact Information for Further Support

For any questions or concerns regarding the use of the Bushing Full Length Dies L.E. Wilson 22 PPC Factory Full Length Sizing Die, please refer to the manufacturer's contact information provided with your product packaging or visit the official website for additional resources and support.

Thank you for following these safety instructions. Your attention to these guidelines will help ensure a safe and enjoyable reloading experience.
