

BUSHING FULL LENGTH DIES - L.E. WILSON 280 REMINGTON FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

Safety Instructions for Bushing Full Length Dies

L.E. Wilson 280 Remington Full Length Sizing Die

Introduction

Thank you for choosing the Bushing Full Length Dies L.E. Wilson 280 Remington Full Length Sizing Die. This guide provides essential safety instructions and guidelines for the proper use and maintenance of this product, ensuring your safety and optimal performance.

General Safety Guidelines

- Ensure safe use of this product by following all instructions carefully.
- Be aware of potential hazards associated with reloading equipment and practices.
- Always keep the product out of reach of children and vulnerable individuals.
- Regularly check for updates on product recalls and safety information via the Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading dies.
- Inspect the die for any damage or wear before each use. Do not use if damaged.
- Ensure that the reloading press is securely mounted and stable before operation.
- Follow the manufacturer's specifications for compatible bushings and accessories.
- Never exceed recommended loads and specifications when reloading ammunition.
- Keep the work area clean and organized to prevent accidents and injuries.

Instructions for Installation and Usage

1. Installation:

- Securely mount the reloading press in a stable location.
- Insert the Bushing Full Length Sizing Die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired depth using the adjustable depth decapping rod.

2. Usage:

- Ensure the case is clean and free from debris before sizing.
- Insert the case into the die, ensuring it is properly aligned.
- Apply even pressure to the press handle to size the case.
- After sizing, remove the case and inspect it for proper dimensions.
- Store the die in a dry, secure location when not in use.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or hazardous waste disposal facilities.

Contact Information for Further Support

For any inquiries or concerns regarding the Bushing Full Length Dies L.E. Wilson 280 Remington Full Length Sizing Die, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Your adherence to these guidelines will help ensure a safe and effective reloading experience.
