

BUSHING FULL LENGTH DIES - L.E. WILSON 300 NORMA MAG FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 300 NORMA MAG FULL LENGTH SIZING DIE

Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 300 NORMA MAG FULL LENGTH SIZING DIE. This guide provides essential safety instructions to ensure the safe use of this product. Please read this guide thoroughly before using the die to understand potential hazards and safety precautions.

General Safety Guidelines

- Ensure that the die is used only for its intended purpose: resizing and neck tension adjustment of 300 Norma Mag cases.
- Always wear appropriate eye protection when using reloading equipment to prevent injury from debris.
- Keep the work area clean and organized to avoid accidents.
- Store the die in a dry, secure place away from children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and usage.

Specific Safety Precautions for Use

- *Hazard Identification:*
 - Sharp edges on the die can cause cuts. Handle with care.
 - Improper use may result in damage to the die or cases, leading to malfunction.
- *Avoiding Hazards:*
 - Always ensure the die is properly secured in the reloading press before use.
 - Do not exceed recommended specifications for neck tension or resizing.
 - Do not attempt to modify or disassemble the die.
- *Age Specific Warnings:*
 - This product is intended for use by individuals 18 years and older. Keep out of reach of children.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is securely mounted.
- Remove any previous dies from the press.
- Insert the BUSHING FULL LENGTH DIE into the press and tighten securely.
- Attach the adjustable depth decapping rod as per the manufacturer's instructions.

2. Usage:

- Prepare your cases by cleaning and inspecting them for damage.
- Set the desired neck tension by selecting the appropriate neck bushing (sold separately).
- Insert the case into the die and operate the press to resize the case neck and body simultaneously.
- After resizing, check the case dimensions to ensure they meet specifications.
- Store the die and any accessories in a safe place after use.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs for metal.

products.

Contact Information for Further Support

For any questions or concerns regarding the BUSHING FULL LENGTH DIES L.E. WILSON 300 NORMA MAG FULL LENGTH SIZING DIE, please refer to the manufacturer's customer service or visit their official website for further assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to these important guidelines.
