

BUSHING FULL LENGTH DIES - L.E. WILSON 8.6 BLACKOUT FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson Bushing Type Full Length Sizing Die. This die will allow you to size the case neck to your desired neck tension along with sizing down the rest of the case body at the same time. Die includes an adjustable depth decapping rod. An extra Decapping Punch is included. These dies do not contain an expander. Made of High Quality Heat Treated Steel. These Full Length Bushing dies mimic the neck sizing of Wilsons' neck sizing dies and are designed to leave 3/16" at the bottom of the case neck unsized, a practice many shooters prefer and find to be more accurate than sizing the full neck. Mad from High Quality Material - Hardened to L.E. Wilson Specifications Harder than a Grade 8 Bolt Interchangeable Bushings Standard 7/8ths Reloading Press Sizes Shoulder and Body Dimensions Stainless Parts for a Long Lasting Finish Durable and Accurate L.E. Wilson manufactured lock nut - thickness is .225" from inside to outermost edge .270" for height and 1.250" total width OD. Neck Bushing sold separately, we suggest using LE Wilson Neck bushings but Redding bushings will also fit.

Safety Instruction Guide for BUSHING FULL LENGTH DIES L.E. WILSON 8.6 BLACKOUT FULL LENGTH SIZING DIE

Introduction

Thank you for choosing the BUSHING FULL LENGTH DIES L.E. WILSON 8.6 BLACKOUT FULL LENGTH SIZING DIE. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these instructions carefully to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Always use the die in accordance with the manufacturer's instructions.
- Ensure that the reloading area is clean, welllit, and free of distractions.
- Store the die in a safe place, out of reach of children and pets.
- Inspect the die for any damage before each use. Do not use if damaged.
- Wear appropriate safety gear, including eye protection, when operating the die.
- Keep your workspace organized to avoid accidents and mishaps.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the die only with compatible reloading equipment.
- Do not attempt to modify or alter the die in any way.
- Ensure that the die is securely mounted on the reloading press before use.
- Avoid placing hands or fingers near moving parts during operation.
- Do not exceed the recommended load limits for your reloading press.
- Follow all local laws and regulations regarding the reloading of ammunition.
- Be aware of the potential hazards associated with handling ammunition components.

Instructions for Installation and Usage

1. Installation:

- Securely attach the die to your standard 7/8ths reloading press.
- Ensure that the die is tightened properly to prevent movement during use.
- Insert the adjustable depth decapping rod and set it to your desired depth.

2. Usage:

- Start with clean, dry brass cases.
- Place the brass case into the shell holder of the reloading press.
- Slowly raise the ram to size the case neck and body simultaneously.
- Use the adjustable decapping rod to remove the spent primer.
- After sizing, carefully remove the case from the shell holder.
- Inspect the resized case for any defects or issues before proceeding to the next step.

3. PostUsage:

- Clean the die after each use to prevent residue buildup.
- Store the die in a protective case or original packaging to avoid damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Check with local authorities for proper disposal methods for metal components.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the BUSHING FULL LENGTH DIES L.E. WILSON 8.6 BLACKOUT FULL LENGTH SIZING DIE, please refer to the manufacturer's contact information found on the product packaging or in the user manual.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective reloading experience. Always prioritize safety and stay informed about best practices in ammunition reloading. Thank you for your attention to these important safety measures.
