# Safety Instructions for L.E. Wilson Micrometer Top Bullet Seater Dies

## Introduction

Thank you for choosing the L.E. Wilson Micrometer Top Bullet Seater Dies for your reloading needs. This product is designed to provide precise bulletseating depths for reloaders. To ensure your safety and the proper use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that all safety precautions are followed during the use of this product.
- Always use the Micrometer Top Bullet Seater in a wellventilated area.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of wear or damage before use.
- If you experience any difficulties while using the product, cease use immediately and consult a professional.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when operating this product.
- Ensure that the Arbor Press you are using is compatible with the Micrometer Top Bullet Seater.
- Do not exceed the recommended bulletseating depths for your specific cartridge.
- Avoid using the product with damaged or defective components.
- Never attempt to modify or alter the product in any way.
- Be cautious of sharp edges when handling the dies.

## Instructions for Installation and Usage

### 1. Setup:

- Ensure that the Arbor Press is securely mounted.
- Attach the Micrometer Top Bullet Seater Die to the Arbor Press according to the manufacturer's instructions.

### 2. Adjustments:

- Use the threaded cap to make major adjustments to the bulletseating depth.
- Utilize the micrometer scale to make fine adjustments in 0.001" increments.

### 3. Loading Bullets:

- Place the bullet in the die and ensure it is seated properly before applying pressure.
- Apply steady pressure on the Arbor Press to seat the bullet to the desired depth.

### 4. Testing:

- It is recommended to test the seating depth at the range. This allows for adjustments without multiple trips.
- Always check the seating depth after each adjustment to ensure accuracy.

### 5. Maintenance:

- Clean the die after each use to prevent buildup of debris.

- Store the Micrometer Top Bullet Seater in a safe, dry place when not in use.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product is no longer in use or is damaged beyond repair, dispose of it responsibly to minimize environmental impact.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the L.E. Wilson Micrometer Top Bullet Seater Dies, please refer to the manufacturer's website or contact your local retailer for assistance.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your L.E. Wilson Micrometer Top Bullet Seater Dies. Thank you for your attention to safety and for choosing our product. Happy reloading!
