SHORT ACTION CUSTOMS, LLC. MODULAR SIZING DIE KITS The SAC Modular Sizing Die in a pre-built kit that includes a neck/shoulder bushing and decapping expanding mandrel that provides 0.003" of neck tension. Just pick your cartridge, SAC has combined everything else needed! "The Modular Sizing Die" uses a unique design where the die body sizes the cartridge's body geometry, and a "Neck / Shoulder Bushing" controls the shoulder and neck geometry. This versatility allows one die body to serve the entire cartridge family. After analyzing precision CNC machines and tooling, SAC designed the Modular Sizing Die to use shallow tapers instead of threads to center and secure the Solid Decapping Pin accurately. This tapered geometry achieves exceptional concentricity and repeatability. The die's sizing geometry intentionally sizes the base a bit more than the shoulder compared to other resizing dies, which helps prevent extraction issues with fired brass in properly sized chambers. Their shoulder sizing geometry minimizes case runout and reduces overworking of the brass by limiting shoulder sizing. WHAT'S IN THE PACKAGE Modular Sizing Die Body Neck/Shoulder Bushing Standard orange or grey lock ring ER11 Top Cap Taper Adapter ER11 Collet Decapping Expanding Mandrel that provides .003" neck tension Cardboard Shipping box

Attributes

- Name: [SHORT ACTION CUSTOMS, LLC. 6.5 CREEDMOOR MODULAR SIZING DIE KIT](#)
- Manufacturer: [SHORT ACTION CUSTOMS, LLC.](#)
- Product no.: 430117178
- Mfr. No.: SAC-65CMMODSDK
- Cartridge: 6.5 Creedmoor
- Die Style: Sizing Dies
- Delivery weight: 0.454kg
- Shipping height: 229mm
- Shipping width: 102mm
- Shipping length: 38mm

MODULAR SIZING DIE KITS SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the MODULAR SIZING DIE KITS from SHORT ACTION CUSTOMS, LLC. This guide provides essential safety instructions to ensure the safe use of your product. Please read this document carefully to understand how to use the Modular Sizing Die Kit safely and effectively.

General Safety Guidelines

To ensure safe use of the Modular Sizing Die Kit, please follow these general safety guidelines:

- Always read and understand the product instructions before use.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the die kit for any damage or wear before use. Do not use if damaged.
- Use the die kit only for its intended purpose as described in the product manual.
- Wear appropriate safety gear, including safety glasses, when using the die kit.
- Ensure that your workspace is clean and free of obstructions.
- Store the die kit in a dry, cool place when not in use to prevent damage.

Specific Safety Precautions for Use

When using the Modular Sizing Die Kit, please adhere to the following specific safety precautions:

- Ensure that the die is securely attached to your reloading press before operation.
- Avoid overtightening the die, as this may lead to damage or malfunction.
- Handle the decapping pin with care to avoid injury.
- Do not attempt to resize cases that are excessively worn or damaged.
- Be aware of the potential for brass shavings and debris during operation. Keep your workspace clean.
- If you experience any unusual resistance while resizing, stop immediately and inspect the die and case for issues.
- Follow all recommended procedures for cleaning and maintaining the die kit to ensure optimal performance.

Instructions for Installation and Usage

To install and use the Modular Sizing Die Kit, please follow these instructions:

1. Installation:

- Remove the Modular Sizing Die from its packaging.
- Inspect the die and components for any visible damage.
- Securely attach the die body to your reloading press using the provided lock ring.
- Install the neck/shoulder bushing according to the specific cartridge you are using.
- Ensure the decapping expanding mandrel is properly fitted within the die.

2. Usage:

- Prepare your brass cases by cleaning them thoroughly.
- Insert a brass case into the die and ensure it is seated properly.
- Operate your reloading press to resize the case. Apply steady pressure and avoid jerky movements.
- After resizing, carefully remove the case from the die.
- Inspect the resized case for proper dimensions and any signs of damage.

3. Maintenance:

- Clean the die kit after each use to remove brass shavings and debris.
- Store the die kit in its original packaging or a protective case to prevent damage.
- Regularly inspect the components for wear and replace as necessary.

Disposal Instructions

When disposing of the Modular Sizing Die Kit, please consider the following:

- Do not dispose of the die kit in regular household waste.
- Check local regulations for proper disposal of metal and plastic components.
- If the die kit is no longer usable, consider recycling the materials where possible.

Contact Information for Further Support

For any inquiries regarding the Modular Sizing Die Kits, please refer to the contact information provided with your product. It is essential to have a point of contact for safety inquiries and support.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the MODULAR SIZING DIE KITS from SHORT ACTION CUSTOMS, LLC.
