TYRANT CNC HALO MINIVERT GRIP M-LOK FOR AR-15/308 Introducing our AR-15 Vertical Foregrip, the HALO MiniVert Grip! A perfect combination of aesthetics and functionality, our new AR 15 foregrip is best for those who are searching for the added control and stability of a forward assisting vertical grip without the bulkiness and added weight that you get from other vertical grips. Its slight angle offers great ergonomics and allows the shooter to operate with comfort and confidence. The lower lip extension takes ergonomics to the next level, allowing the shooter to either hold the vertical foregrip traditionally or by tucking the pinky behind for a very comfortable grip. The aggressive side knurl on the lower portions of the VFG allow for ample yaw control when manipulating the firearm. Best of all is its overall small dimension will help make your AR-15 rifle more compact, less susceptible to snagging and keep that all important weight down on a lightweight build! Add it to any M-LOK or KeyMod rail using its direct compatibility with both systems. Don't wait, get your Keymod foregrip and/or MLOK foregrip now! Safety Instruction Guide for HALO MiniVert Grip MLOK for AR15/308

Introduction

Thank you for purchasing the HALO MiniVert Grip MLOK for AR15/308. This product is designed to enhance your shooting experience by providing improved control and stability. Please read this safety instruction guide carefully to ensure safe and effective use of the grip.

General Safety Guidelines

- Ensure the product is installed correctly before use to avoid accidents.
- Regularly inspect the grip for any signs of wear or damage.
- Always handle your firearm with care and follow all applicable safety regulations.
- Keep the grip and firearm out of reach of children and unauthorized users.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's weight limit for the grip.
- Avoid using the grip in adverse weather conditions that may affect your control.
- Ensure that the grip is compatible with your firearm model before installation.
- Always wear appropriate protective gear, such as eye and ear protection, when using your firearm.
- Be aware of your surroundings and ensure a safe shooting environment.

Instructions for Installation and Usage

Installation

1. **Check Compatibility:** Ensure that your firearm is compatible with MLOK or KeyMod systems.
2. **Gather Tools:** You may need a hex key or screwdriver for installation.
3. **Locate MLOK/KeyMod Slots:** Identify the slots on your rail system where the grip will be mounted.
4. **Align the Grip:** Position the HALO MiniVert Grip over the desired slot.
5. **Secure the Grip:** Insert the mounting hardware and tighten it securely. Do not overtighten as this may damage the grip or the rail.
6. **Check Stability:** Ensure the grip is firmly attached and does not move.

Usage

1. **Hold the Grip:** Use the grip with your dominant hand while maintaining a firm hold on your firearm.
2. **Adjust Your Grip:** You can hold the grip traditionally or tuck your pinky behind the lower lip for increased comfort.
3. **Control the Firearm:** Use the aggressive side knurl for better yaw control while aiming and firing.
4. **Maintain Proper Stance:** Ensure your stance is stable and your body is properly aligned with your target.

Disposal Instructions

- Dispose of the product according to local regulations for aluminum and other materials.
- Do not throw the grip in regular household waste.
- Consider recycling the product if possible.
